Ike Wins Several Disputes

Senate Committee Votes to Restore Money Knocked Out By House Last Week

WASHINGTON, July 23 (AP)—President Eisenhower won a number of disputes with Congress over key defense and atomic funds today when the Senate Appropriations Committee voted to restore more than a billion dollars that the House knocked out of a money bill last week.

But Chairman Hayden (D-Ariz.) of the Senate pursering group said it denied 21 million dollars for the atomic peace ship the President has urged, pending settlement of a dispute over congressional authorization of the project.

Hayden reported these actions: Approval of \$79,527,000 to begin building the Air Force Academy at Colorado Springs, Colo. The senators were assured the ultra-modern glass and metal original design would be modified.

Addition of more than 110 million dollars for the Atomic Energy Commission AEC which Congress had slashed from an earlier money bill.

"We gave the President what he wanted on atomic funds except for the merchant ship," Hayden told newsmen.

Restoration of what Hayden described as most of the military construction funds for the armed forces which the House had stricken under a parliamentary ruling.

Approval of 7 million dollars for planning a new building and highways for a proposed Central Intelligence Agency headquarters near Langley, Va.

The military construction items accounted for most of the billion-plus eliminated on the House floor.

The House had cut a \$1,648,876,129 catch-all money bill to just over 200 millions. Senate committee actions today would restore most of the reduction and increase the over-all total.

Hayden said he would ask Senate passage Tuesday.

All the defense projects, both in this country and overseas, previously had been authorized by separate legislation. But when the House considered the bill for actual funds, Reps. Rabaut (D-Mich.) and Cannon (D-Mo.) raised "points of order" because President Eisenhower had not yet signed the authorization bill.

Will Consider List of County Hiway Projects

ST. LOUIS, July 23 (AP)—The St. Louis County Council will consider a 90-million-dollar list of proposed highway projects for the county, exclusive of expressways, for inclusion in a proposed bond issue.

M. Eugene Baughman, County Planning Commission director, said today the list will be presented next Wednesday to the County Council and to Luman F. Matthews, county supervisor.

Baughman said the list is based on requests of county councilmen and municipal officials. Matthews asserted the list is "far too high" and would require much paring down.

A 36½-million-dollar road improvement program, including expressways, already has been recommended by the citizens bond issue screening committee's roads and highway subcommittee.

The planning director today expressed hope the subcommittee would delay its final report, due Monday until after the new list is submitted.

Accident Proves Fatal

NEVADA, Mo., July 23 (AP)—Herbert Chesley Whitworth, 45, Bronough, Mo., was injured fatally yesterday in a traffic accident north of Adrian, Mo., on U. S. 71.

Almost Audible

You could almost hear a communal sigh go up from Sedalia Saturday afternoon when the thunder brought rain just as the heat seemed beyond bearing.

Partly cloudy today with scattered thundershowers likely in afternoon or evening; mostly fair and warmer Monday; high today around 95.

The temperature one year ago today, high 89, low 68; with 21 inch of rainfall; two years ago, high 96, low 70; and three years ago, high 94, low 64.

The temperature Saturday was 73 at 7 a.m. and 95 at 1 p.m.

Business, Civic Leaders--

Large Attendance Expected At Annual 4-H Club Picnic

Tuesday approximately 1,600 people from Sedalia and the rural area of Pettis County will get together at Liberty Park for the annual 4-H Club-Business and Civic Leaders Picnic.

4-H members, their parents and leaders have been busy getting everything set up for this big event of the summer with all committees lined up for their particular jobs. One whole day chairmen and committees met at the Extension Office where plans were worked out with them through the efficient staff at the Extension Office to see that this picnic, like everything else they plan, runs smoothly. The food committee already has been working and is set up for the picnic. Then there is the drink committee with milk as the drink, along with water. The table committee has its plans on just how to serve and the clean-up

Public Meet On Urban Plan Is Arranged

Will Gather Tuesday At Liberty Park For Full Program

Ray Lippard, chairman of the Citizens Committee for the Sedalia Urban Plan, announced that plans have been completed for the Sedalia Urban Plan public meeting to be held at Liberty Park at 7:30 p.m. Thursday, July 28. The announcement was made at the Saturday morning meeting of the steering committee.

Lippard stated that a complete will be given by J. G. Morgan, vice chairman of the Missouri State Highway Commission, Unionville, Mo., Carleton Kelley, D. S. Lamm and Henry Salvester, local committee members.

The program for this meeting follows:

7:30—8:00 p.m., Band Concert.
8:00—8:20 p.m., Mr. J. G. Morgan, vice chairman Missouri State Highway Commission from Unionville, Missouri.

8:20—8:30 p.m., Carleton Kelley, member City Council; Henry Salvester, member Citizens Committee for the Sedalia Urban Plan; Don Lamm, member Citizens Committee for the Sedalia Urban Plan.

8:30—9:00 p.m., Band Concert.

Paul Nightingale, steering committee member, pointed out that of the \$2,500,000 expenditure to be made by the state and federal government in the construction of the Urban Plan, a good portion would be expended for labor. He further explained that on a national average more than one-third of the costs of all such improvements were labor costs.

Lippard explained that Carruthersville, Hannibal and Joplin had recently passed bond issues and that Urban Plan developments in these communities were getting underway as they are in Kansas City, Springfield and St. Louis, where bond issues were passed earlier. He further explained that the Columbia was in the process of a bond election in the amount of \$500,000 to underwrite its cost in such urban highway development.

W. C. Cramer and Clyde Swafford pointed out that absentee ballots would be cast beginning Monday, July 25, at the office of the City Clerk, provided the voter would not be in the city on election day Tuesday, August 2.

Present at the steering committee meeting were: Ray Lippard, chairman; W. C. Cramer, Clyde Swafford, Norbert Brosch, Jack Faber, Paul Nightingale, Cecil Owen and K. U. Love.

Ike To Make Report To Nation On Parley

WASHINGTON, July 23 (AP)—President Eisenhower will make a 15-minute report to the nation on the Geneva conference Monday night via television and radio, beginning at 8:30 p.m. (CST).

The White House announced that all four radio networks, ABC, NBC, CBS, and Mutual, will carry the talk.

NBC and ABC television networks will televise the talk with Dumont to have some but not all its network stations hooked up.

The White House said CBS arranged to make a film recording of the talk for use during the evening.

Ex-Missourian Fatally Injured In Car Mishap

HOISINGTON, Kan., July 23 (AP)—Robert H. Eads 23, formerly of Linn, Mo., was injured fatally late today in a car that overturned a half-mile south of here.

His two brothers, Eugene, 25, and James, 21, also were injured and were admitted to the hospital here. The three brothers have been living in Hoisington.

committee knows that it will be their job to see that everything is in order following the supper.

There will be a welcoming committee on hand to see that all the town guests are taken care of. A program committee has planned a short program which will precede the picnic, and over which Luther Jordan, 4-H Council president, of Tanglebrook 4-H Club, will preside. A square dance committee has made arrangements for the square dance after the big meal.

One of the outstanding attractions this year will be the 4-H exhibit at which articles of the blue ribbon winners of the recent Achievement Day will be on display. Those who did not see the Achievement Day exhibit have a real treat in store and those who did see it will want to see these blue ribbon articles again.

Miss Marilyn Anderson, apprentice home agent from the University of Missouri, who is spending the summer here working in the Pettis County Extension Office with Miss Opal O'Brian, home agent, will be in charge of the exhibit. With her will be several of the 4-H Club members. The food has been stored in the deep freeze at Sears through the courtesy of Mrs. Mildred Goddard, manager, where it will be kept fresh until the exhibit Tuesday night.

Miss Anderson will also have an exhibit on the project, milk consumption.

Mrs. Howard Paige is overall picnic chairman. She is community leader of Maplewood Club. The vice-chairman is Mrs. Jack Alfrey who is Quisenberry community leader. Working with them are Miss O'Brian, Miss Anderson, Merle Vaughan, county extension agent, and Jim Perry, assistant county agent, who is in charge of the 4-H work.

Invitations and tickets have been mailed out by the Chamber of Commerce office to C. of C. members in good standing, who are asked to wear the tickets so they may be served and to bring table service of knife, fork, spoon, plate and glass. This picnic is made possible, through the cooperation of the 4-H Club Council and the Chamber of Commerce Agricultural Committee.

Serving will start at 6:30 p.m.

Miss Sweden Reigns As New Miss Universe

LONG BEACH, Calif., July 23 (AP)—A tall linguistic lady from Sweden, graceful in every motion and five different languages, reigned today as the new Miss Universe.

Hillevi Rombin, 21-year-old blonde from the university town of Uppsala, became Scandinavia's second winner in the four-year history of the international beauty contest.

The largest and stateliest girl ever to capture the beauty crown was scheduled to preside over her coronation ball, final event of the 10-day pageant, tonight.

Unlike her famous predecessor from Sweden—Greta Garbo—the Nordic beauty said she doesn't think she'll go home—at least not for a while. She is slated to begin a movie career Monday in the Universal—International picture, "The Benny Goodman Story."

"It's too early to tell how I will like the movies but I will give it a try," said Miss Sweden, whose poise and knowledge of languages impressed all observers. She even acted as an interpreter for some of the other contestants. She is fluent in German, French, Spanish and English in addition to her native tongue.

Was 'Father of U.N.'—Former Secretary of State, Cordell Hull, Dies Saturday

WASHINGTON, July 23 (AP)—Cordell Hull, former secretary of state whom many hailed as "the father of the United Nations," died today. He was 83 last Oct. 2.

Death came at 9 a.m. at the U. S. Naval Hospital in nearby Bethesda, Md. The elderly statesman had been taken there last March 26 after suffering a stroke in his Hotel Sheraton-Park apartment. He had another stroke yesterday.

Hull had long been in poor health suffering from high blood pressure and ailments of old age.

In 1951 he suffered a cerebral thrombosis and was desperately ill for many months. Friends despaired of his life, but he made a good recovery and left the hospital to live in his hotel quarters.

Mrs. Hull died in March 1954. Until his stroke in March, and aside from periods of critical illness in recent years, Hull had maintained an interest in national affairs.

Talbott Hearing Ordered

Senate Investigation Subcommittee Wants Inquiry Very Soon But Sets No Date

WASHINGTON, July 23 (AP)—A growing furor over the outside business interests of Secretary of the Air Force Harold E. Talbott erupted today into plans for a full-scale public hearing.

The Senate Investigations subcommittee ordered the hearing as soon as possible, but set no date. The group's four Democratic members voted unanimously for the public airing. The three Republicans merely voted "present," taking a stand which neither blocked nor supported the action.

At issue is whether Talbott improperly used his high government post to promote his private interest as a special partner in Paul B. Mulligan & Co. He has said he gets more than \$50,000 a year from profits of the New York efficiency engineering firm, but has defended his actions as "clean" and "not improper."

The subcommittee action, at a closed meeting, followed a letter from Talbott correcting testimony he gave Thursday. He said then he couldn't recall discussing renewal of a Mulligan contract with Sam Ewing, an attorney for the Radio Corp. of America.

But he later informed the subcommittee his memory "was at fault" and he had talked with Ewing. The attorney had questioned the propriety of RCA's renewing its contract with a firm in which Talbott had an important interest in viewing of RCA's extensive defense contracts.

Chairman McClellan (D-Ark.) said both Johnson and Ewing are "prospective witnesses."

Meantime there were denials of a New York Times report that President Eisenhower's principal political advisers met twice yesterday to discuss Talbott's status. The Times said those attending were Vice President Nixon, Atty. Gen. Brownell, presidential assistant Sherman Adams and Wilton B. Persons, deputy assistant to the President.

A high administration official said the meeting of the four did not concern Talbott, and his name was mentioned only in passing. This source said, however, the matter will be taken up with Eisenhower on his return from Geneva.

Former Westminster College Chemistry Head Dies at 75

FULTON, Mo., (AP)—Dr. O. M. Weigle, 75, head of the chemistry department of Westminster College here for 33 years prior to his retirement in 1948, died unexpectedly Friday while vacationing in Colorado. He suffered a heart attack while riding in an automobile and died before a physician could be reached at Idaho Springs, Colo.

A graduate of Iowa State College, Dr. Weigle received his Ph.D. from the University of Iowa. He taught in rural schools of Iowa, at a College in Cedar Falls, Iowa, and at Lawrence College in Wisconsin before coming to Westminster in 1915.

Prior to his retirement, Dr. Weigle had developed a number of chemical solutions for the control of insect pests, and formed his own company, the Kingdom Chemical Co., in which he remained active.

Second Salk Polio Shots Due Thursday

Immunization Clinic Will Be Conducted At Horace Mann

The second anti-polio immunization shots for children in Pettis County will be given Thursday from 8 a.m. to noon at the Horace Mann School auditorium.

Dr. Thomas J. Hopkins, in charge of the immunization in this county, said that the National Polio Foundation has advised that immunization should proceed despite the fact that this is the polio season.

He said this was based on two premises: (1) that the second shot will not induce polio because the first shot has provided enough immunity against it; and (2) the second shot will give the children additional immunity against the danger of polio this summer when the disease presents its greatest threat.

As with the first shot, there will be no charge made for the second shot.

Dr. Hopkins said that this time it has not been possible to arrange for transportation for the children and that private transportation will have to be provided by the parents.

There will be no time schedule as there was the first time, and the shots will be given on a first-come-first-served basis.

Dr. Hopkins said that he plans to have four immunization stations set up in the auditorium, with a doctor and a nurse at each station. A total of 1,667 Pettis County children were immunized a few months ago when the first shots were given.

Says AF Has Decided Not to File Charges Against Four Men

DES MOINES, Iowa (AP)—The Des Moines Register, in a dispatch from its Washington bureau, has said that the Air Force has decided not to bring charges against Capt. Harold Fischer Jr. of Swa City, Iowa, and three other fliers who were released by Red China last month.

Indications along this same line had been given by the Air Force earlier. Along with Fischer, the fliers are 1st Lt. Roland W. Parks, Omaha, Neb.; 1st Lt. Lyle Cameron, Lincoln, Neb.; and Lt. Col. Edwin Heller, Wynnewood, Pa.

The four have admitted that under Red Chinese pressure while they were prisoners of war that they falsely "confessed" they flew north of the Yalu River under orders.

The Register said it learned that the four pilots have been cleared of any wrongdoing by Air Force officials and no mark against them will go into their records.

Killed In Car Crash

ATCHISON, Kan. (AP)—William E. Griffin, 19, Rushville, Mo., was killed early today as his car smashed into a concrete culvert.

Deforest Walker, Atchison County coroner, said Griffin fell asleep while driving. He was returning to Atchison after a visit in Leavenworth with friends. The accident occurred two miles south of here.

Griffin was employed by an Atchison firm. His mother, Mrs. Etta Griffin, Route 2, Rushville, is among the survivors.

Prisoner Captured

MARSHALL, Mo., July 23 (AP)—John E. Sparks, 22, who escaped last Sunday from the Church farm of the Missouri penitentiary, was taken into custody here today by Marshall police.

Sparks, who said his home was at Chillicothe, is serving a two-year sentence for grain theft.

Man's Body Recovered From the Osage River

TUSCUMBIA, Mo., July 23 (AP)—The body of Paul Halfey, 43, Valley Park, Mo., was recovered today from the Osage River, where he and two of his children drowned Wednesday night.

Members of the U. S. Coast Guard, the Missouri Highway Patrol and the Miller County sheriff's office had been engaged in the search for the body.

The bodies of Halfey's daughter, Judy, 8, and his son, Nicholas, 3, were recovered earlier. Halfey's wife and two other persons were saved when their boat overturned.

Demos Ready For Fish Fry In Afternoon

Democrats from all over the state are expected to arrive in Sedalia early today for the all-day fish fry and rally to be held in Liberty Park.

"Everything is in readiness for the big day," declared Walter Cramer, chairman of the city Democratic committee.

The 2,500 pounds of fish will be dumped into the huge kettles filled with boiling grease early this morning and made ready for an anticipated crowd of between 2,500 and 3,000. There are more than 150 sandwich size loaves of bread, 12 dozen large sacks of potato chips, and various other food stuffs to fill the visiting personnel.

Political leaders from every section of the state are coming—at least they notified the committee they had high hopes of being at Sedalia's first annual fish fry and rally, a planned affair of delegations will accompany some of the leaders from Independence, Kansas City, St. Joseph, Joplin, Springfield, Moberly, Macon, Trenton, Jefferson City, St. Louis, and numerous towns surrounding Sedalia.

"We have plenty," Charles Simpson, in charge of the frying of the fish and handling of the food, said, "and we will see that everybody gets it and fed plenty."

"It is a get-together of the Democrats from over the state to inspire them for the 1956 election which is not too far away," Cramer commented.

Speeches are to be held to a minimum, and everybody will get to take over as a principal speaker, just greetings and so forth.

Some early indications as to candidates for Governor on the Democratic ticket are expected to develop at this meeting.

Boonville Cleaning Shop Is Razed By Fire

BOONVILLE, Mo., July 23 (AP)—The Boonville Laundry and Dry Cleaning Co. plant was destroyed today by fire, but quick work by firemen prevented the flames from spreading to other buildings in downtown Boonville.

Cause of the fire was not known. Miss Mamie Stoecklin, a bookkeeper, said she was alone in the office and discovered the fire when she went back into the plant to check some laundry.

The fire left only the walls of the stucco building standing. Owner J. Ed Cundiff estimated the loss at \$60,000.

Baby Dies In Wreck

CADET, Mo. (AP)—A five-month-old baby girl was killed last night in the overturn of a car on Missouri Highway 47 near here.

The baby's father, Edward J. Nickelson of St. Louis, was quoted by the State Highway Patrol as saying that he was entering the highway from a side road when his car skidded on gravel and overturned in a ditch.

Nickelson suffered head injuries.

Dr. Proctor Heads Porch Light Drive

Funds for Muscular Dystrophy Will Be Raised in November

Dr. Donald C. Proctor, 1605 West 13th, has been selected as general chairman for the porch light drive which will be held Thanksgiving week for funds to fight muscular dystrophy.

Being a physician and having five children of his own Dr. Proctor is very interested in the effort being made to further research in this disease that withers the muscles and finally results in death and for which there is no cure.

The newly organized Pettis County Chapter of the Muscular Dystrophy Association are making plans for the drive and have had the first group of citizens to volunteer their services. They are Mrs. John T. White, Mrs. Murrell Hayden, Mrs. W. M. Alcorn, Mrs. L. E. Sheridan, Mrs. A. J. Gregory, Mrs. K. H. Eisert, Mrs. William Cairer, Mrs. Orrie McKinney, Mrs. Eugene Embury, Mrs. M. J. Schmidt, Mrs. Russell Prall, Mrs. Harry Arnold, Mrs. E. A. Steele, Mrs. Orville Walje, Mrs. Ralph Strader, Mrs. Frank Blaylock, Mrs. Herman Kettle, Mrs. Hazel Ferguson, Mrs. Joe Cook, Mrs. J. E. Wolf, Mrs. Thomas Gardner, Mrs. Ray Dirck, A. J. Gregory, Mrs. Herbert Berlin, Miss Pearl Rose, Miss Margaret Grady, Mrs. Lily E. Thomas, Mrs. W. E. Anderson, Jr., and Mrs. W. A. Spraggin.

The next meeting of the Muscular Dystrophy Association will be held on Aug. 9, at 7:30 p.m., at the Chamber of Commerce Building, 113 East Fourth. Anyone interested in the fight against this disease is welcome to attend. One Sedalia boy has the disease, Bobby Wolf, whose brother died from it. Although it is hereditary in 35 percent of all cases as many as six children in a family have been stricken without warning and without previous family history of the disease.

First Overseas Troops In Operation Gyroscope Reach Kansas Monday

FT. RILEY, Kan., July 23 (AP)—First troops of the First Division participating in Operation Gyroscope are scheduled to reach Ft. Riley, Kan., at 10 a. m. Monday, July 25th.

This word was received today in a telephone call from the Navy transport Uphurst, which is carrying the troops home from service in Germany.

Aboard the train will be 186 enlisted men, three officers and 31 dependents.

Enroute from New York, the group will leave the train at St. Louis at 3:40 p. m. Sunday for a meal, leaving again at 6 p. m. There will be a two-hour stop in Kansas City, beginning at 6 a. m. Monday.

Charge AF Commander

WASHINGTON (AP)—The Air Force announced today it has charged retired Maj. Gen. Byron E. Gates, former commander of Chanute Air Force Base, Ill., with giving preferred treatment to insurance companies selling policies at the base.

The accusation was one of three leveled at Gates in the case. An investigation is under way to determine whether the general should be tried by court-martial. Th Air Force said gates retired "recently."

He is a native of Aberdeen, S. D. He enlisted in World War I and was commissioned later after going through cadet flying training. He became commander at Chanute in October, 1949.

Big Four Conclude Meeting

Ike Plans Radio-TV Report to Nation On Monday Night About the Results

GENEVA (AP)—The four big powers ended their summit talks tonight with a joint agreement to call a meeting of their foreign ministers in Geneva next October to consider the problems of German unification and European security.

The four powers also referred to the U. N. subcommittee on disarmament a series of disarmament proposals. They called on that body to meet in New York Aug. 29 to begin work.

The foreign ministers were directed to study the results of the proposed disarmament negotiations and to seek ways to bring about a progressive elimination of barriers between East and West.

The agreement was announced by James C. Hagerty of the U. S. delegation, on behalf of all four powers, shortly before the summit leaders were called into a final plenary session.

President Eisenhower, returning home tonight, will report to the United States on radio and television Monday night in a 15-minute address. He plans to meet congressional leaders of both parties Monday morning.

Before the final day's round of summit conferences began, President Eisenhower talked nearly an hour with Soviet Defense Minister Georgi Zhukov, who requested the appointment.

There was speculation, but no confirmation, that they talked about the President's idea for swapping military blueprints and for mutual aerial inspection of military installations.

The questions which had snarled the final hours of the conference were primarily these:

1. A difference between Russia and the Western powers over the order in which the four foreign ministers should discuss German unification and European security when they meet next October.

2. The order of priority in which the U. N. subcommittee on disarmament should take up the various proposals on disarmament before the summit conference.

3. A Soviet proposal that both East and West Germany take part in German unification discussions at the October session.

Benson Proposes Exemption Of Wheat Growers

WASHINGTON (AP)—Secretary of Agriculture Benson has urged Congress to exempt non-commercial wheat growers from federal control.

The exemption would apply to farmers who grow wheat solely for use on their own farms, sell none on the market and do not seek government price supports. They now are subject to marketing quotas the same as commercial growers.

Benson proposed such a change in the law last October. Yesterday he appealed to the House Agriculture Committee to take action now rather than wait until next year. The Senate already has approved the exemption.

Farmers who produce wheat in excess of their marketing quotas are subject to a penalty of \$1.13 a bushel on the excess grain even though none of it sold.

Benson said some of the non-commercial growers are refusing to pay and others are refusing to allow government agents on their land to check acreage.

Regional Library Notes—

Some Best Sellers Hang On To Popularity for Years

Best seller lists and lists of books most popular in libraries are always interesting even though many of the books have been there for months and some of them for years. In non-fiction, Anne Lindberg's "Gift From the Sea" has sold four times better than any other book on the market, according to "The Retail Bookseller." Its closest rivals are Marshall's "A Man Called Peter" and "The Story of Davy Crockett" by Enid Meadovercraft. This "Gift From the Sea" is a beautifully written contemplative and introspective examination of Anne Lindberg's life or that of any other woman who lives a busy life filled with demands of family, of home making, of community activities. She examines sea shells and sees within them some of the answers to her need for a life of her own as an individual.

Second on the list is "The Power of Positive Thinking" by Norman Vincent Peale. This has appeared on the list continuously since October, 1952. Libraries have had it on their request lists constantly since that time. The six copies of this title in Boonslick Regional Library are continually on the waiting list. "Why Johnny Can't Read" by Rudolph Flesch extolls the virtues of teaching phonetics in the old fashioned way and has caused somewhat of a dither in educational circles. "Onions in the Stew"

"Tullis-Hall Ice Creams Best" Ad.

Chevrolet's got a new honey of a hardtop

...with a lower-than-ever price tag!

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too—no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a wallop bargain it is:

The new "TWO-TEN" SPORT COUPE exciting new addition to the Chevrolet line!

MARY LOWER, Clerk

Dr. Hix Guest Minister At Blackwater

By Mrs. M. R. Gillespie

BLACKWATER—Dr. C. E. Hix, Fayette, preached at the Methodist Church Sunday. He was accompanied by Mrs. Hix and daughters, Mary and Anne. They were dinner guests of Dr. and Mrs. C. D. Lueckert. Dr. Hix will be away during the month of August. Dr. W. H. Brown, formerly of Fayette, but now teaching at the University at Normal, Ill., will preach here the first Sunday in August.

The Lamine J.F.A. met at their club house on Friday afternoon, July 15, in their regular meeting. Mrs. O. G. Shifflet was hostess. Kay Kramer, a former president, presided over the meeting in the absence of the president. Roll call was answered by "where I would like to spend my vacation." The final lesson of JFA study program was given by Mrs. George Kramer. The next meeting will be a joint picnic of the W.P.F.A. and the JFA to be held in August. Visitors were Mrs. William Dille and niece, Miss Bessie Joan Wilson, Glasgow; Mrs. Frank Esser, Mrs. Speed Mellor, Mrs. George Kramer, Monna Shifflet, and Mrs. George J. Becker.

Mr. and Mrs. David Fuls and children, Leah May and David George, her father, George J. Becker, Sr., Mr. and Mrs. George J. Becker, Jr., and daughters, Marilyn and Rosalie, went to Chouteau Springs Sunday where they attended a reunion of the Becker family. A basket dinner was served at noon.

Mrs. Percy McMahan returned home Sunday after a three-day visit with her sister, Mrs. O. L. Cordry, Buncheon. Mrs. McMahan also attended the county Farm Bureau picnic supper held at the Rod and Gun Club Thursday evening. She was a guest of Mr. and Mrs. W. M. Dille.

Mr. and Mrs. P. H. Widel had as dinner guests Sunday Mr. and Mrs. Lawrence Rapp and daughter, Janet, Pilot Grove; Mr. and Mrs. Forest Widel and family, Mr. and Mrs. Gerald Price and children.

Mr. and Mrs. Lee Alan Thorp and sons, Alan and Larry, Knob Noster, spent Saturday, July 16, with his parents, Mr. and Mrs. J. D. Thorp.

Mr. and Mrs. Charley Hooper and sons, Fred and Roger Hooper, Miss Joan Cotton, Mr. and Mrs. Clayton Hooper and daughter, Susan, were Sunday dinner guests of Mr. and Mrs. Fred Taylor of near Postal. In the afternoon all visited with Mr. and Mrs. Freddy Lee Taylor at LaMonte and were supper guests of Mr. and Mrs. Roy Jeffries of near Sedalia.

F. W. Marshall, who had been a patient at the St. Joseph Hospital, Boonville, for almost a week, was able to return home Monday, July 18.

Everett Wagner went to Altuna, Ia., Saturday and was accompanied home Sunday by his daughters, Miss Sharon and Karyl, who had visited for two weeks at Bagley, Ia., with their grandparents, Mr. and Mrs. Louis Wagner, and Mrs. Anna Harshbarger, and at Altuna with Mr. and Mrs. Lyle Parrish.

Mr. and Mrs. Walter Kramer and daughter, Ethania, left for home at Midland, Mich., Saturday, July 16, after a week's visit with Mr. and Mrs. Henry Lahmeyer, Fred Kramer and Ben Kramer and other relatives. They were guests of honor at a basket supper held at Indian Foothills Park, Marshall, Friday evening by relatives and friends.

Mr. and Mrs. Bud Corbin and daughters, Marilyn, Wendy and Teresa, went to Muncie, Kan., Saturday and were guests of her brother-in-law and sister, Mr. and Mrs. Carl Allen, until Monday. They were accompanied home by their daughter, Joyce, who had spent several weeks in the Allen home.

Mr. and Mrs. Elias Larkin, Jefferson City, spent Sunday with his mother, Mrs. G. W. Larkin. Afternoon guests were Mr. and Mrs. Jimmie Anderson and Mrs. Hulda Duvall.

The annual home-coming at the Salt Fork Church will be held Sunday, July 31. The morning will be spent socially, a basket dinner will be served at noon, and the Rev. E. T. Raney, Marshall, will speak in the afternoon.

Norwood Day, Boonville, formerly of Blackwater, was guest of honor at a picnic dinner at Chouteau Springs Sunday on his birthday. Others present were Mr. and Mrs. Floyd Day, Sedalia, Mr. and Mrs. Frank Esser, Mr. and Mrs. O. G. Shifflet and daughters, Donna and Monna, Mr. and Mrs. Franklyn Esser and daughter, Sherry, and Mr. and Mrs. Joe Esser.

Mr. and Mrs. Ira Reece, Stanberry, came Tuesday, July 19, and visited until the next day with her sister, Mrs. R. M. Ashford, and Mr. Ashford.

Mr. and Mrs. W. S. Shelton and children went to Hughesville Sunday afternoon to see her father, W. C. Walk, who had returned that morning from Bothwell Hospital, Sedalia, where he had been a patient.

Mr. and Mrs. William Dawson and daughter, Independence, visited Monday afternoon in the homes of Mr. and Mrs. Riley O'Neal and Mrs. Silas O'Neal. Mrs. Dawson will be remembered as Miss Kathryn Whitaker, a former teacher in our school.

Public Library Notes—

Summer Is Opportune Time To Catch Up on Good Books

Summertime is an excellent time to read a best seller, review a classic, or just relax with a mystery book or a western. And speaking of best-sellers, the Sedalia Public Library has just received another group of the newest books to add to those already available on the library shelves.

The outstanding novels are "The Dinner Party" by Gretchen Finletter, and "Bonjour Tristesse" by Françoise Sagan. The first is a charming story about an agreeable and amusing family, and most particularly about the mother, who juggles a hundred different jobs with grace, good humor and success. "Bonjour Tristesse," translated from the French, is a novel that is creating in America the sensation it has already created abroad. The author is an eighteen-year-old girl, and her book won the Critics Prize in France last year.

Elizabeth Seifert, ever-popular author, is represented among the new books by "A Doctor in the Family," a story of love and courage and of the kind of family interference that can be both subtle and destructive.

A mood of eerie foreboding is well sustained in "Yonder" by Margaret Bell Houston. Miss Houston has created characters and an atmosphere of suspense with such skill and precision that they will be forever memorable to readers who liked "Rebecca" and "Wuthering Heights."

An authentic picture of the famous Finger Lakes District of New York State at the turn of the century is presented in "The Ainsley Case" by Bellamy Partidge. This is a true story of a famous and hotly contested murder.

der case, told with wit and suspense.

An Atlantic City hotel is the scene and theme of "Hotel Fever" by Arnold Gifford, an exciting and realistic new novel.

"Thunderstone" by Sylvia Cooper, concerns a great doctor who finds himself suddenly on the edge of an abyss in his professional and personal life.

New murder and mystery books include "Room for Murder," by

Disney; "The Case of the Sun Bather's Diary," by Erle Stanley Gardner; "Vanished," by Marjorie Carleton; "Sudden Squall," by Jeanette C. Nolan; "The Tall Dark Man," by Anne Chamberlain.

Admirers of the western book will want to read "Rimrock" by Luke Short; "Day of the Outlaw," by Lee Wells; "Rawhide Rider" by Peter Field, and "Frontier Renegade" by Chuck Stanley.

Central Missouri Methodists Arranging 110th Annual Lake Creek Camp Meeting

Rev. William Butts

Lake Creek Methodist Church

Rev. J. C. Paschal

Begins July 31 And Will Last To August 7

The historic and time-honored Lake Creek Camp Meeting of Central Missouri Methodists will begin this year on Sunday, July 31, after a "cleanup and tent-raising day" on July 28.

The meetings, held at the Lake Creek Methodist Church site with its early beginnings back in 1839, will last through Aug. 7. This is the 110th annual meeting.

The first church in that area, about six miles south of Smithton, was built in 1884 near the Conrad Ringen place. By the next year it had 84 members and 16 prepar-

ing. The second church was built in 1886 on what is now known as the Henry Demand farm. The church was without a resident minister during the Civil War.

On May 23, 1883, the third and present location was selected after 20 acres of land were bought from Louis Jackson. It was dedicated in 1884 during Dan Walter's ministry.

The Lake Creek Camp Meetings were begun almost immediately after the church was organized. The first session on the present site was in 1891.

The theme for this year's meeting is "The Burning Heart" from Luke 24:31. No meals will be served but free space for tents and trailers will be provided.

Those in charge are the Rev. W. C. Knight, SWM conference secretary; evangelist; the Rev. William Butts, vice-president; the Rev. R. E. Hurd, district director, evangelist; the Rev. L. F. Soxman, district secretary, miss.; the Rev. Elmer L. Hobbs, Bible instructor; the Rev. William Hall, MYF; the Rev. E. D. Watkins; the Rev. W. E. Crawford; the Rev. Joshua Tien, SWM conference evangelist; Miss Viola Rages and helpers; Miss Dorothy Ann Culp, piano; Mrs. Rance Hoehns, piano; Mrs. Joshua Tien, music; the entire Camp Meeting Board; and 15 local committees.

The daily program begins July 31 at 9 a.m. with Sunday School.

Tough Guy?

DEER PARK, Tex. (AP) — City Marshal Ben J. Royall asked the city council to buy him a new blackjack. His old one was worn out.

Lester Dittmer, C.S. Supt.; 10 a.m. sermon by Dr. Robert Lehw, Holy Communion; and "dinner on the ground" at noon.

Camp meeting singing will begin at 2 p.m. At this time former ministers will preach. Vesper services will begin at 7 p.m., led by the Rev. William Butts, Rev. Joshua Tien will preach at 7:45.

Highlights of Thursday, Aug. 4, are a 7 a.m. morning watch with W. C. Knight; Bible study with Dr. Hobbs, 9 a.m.; preaching by Dr. Lehw, 10:30; a Children's Hour at 2 with Miss Rages; a workshop at 3:30 p.m. with Rev. Soxman and Rev. Hall; and an evening vesper service with Rev. Hall and Rev. Tien preaching.

Friday will feature preaching at 10:30 a.m. by the Rev. W. E. Crawford; and on Saturday afternoon singing, praying and preaching with Rev. Hurd.

Sunday is termed the "big day" with a 7 a.m. morning watch, Sunday School at 9, preaching by Rev. Tien at 10:15 and a dinner at noon. Dr. Hobbs will preach at 2 p.m.; a vesper service with Rev. Hall at 7; preaching by Rev. Tien at 7:45 after which all will join hands in a circle of prayer to end the meeting.

St. Louis Announces Assessment Increase

ST. LOUIS (AP) — The St. Louis County Board of Equalization Friday announced assessment increases on commercially zoned property in suburban Clayton of about 400 per cent.

The total assessments on 608 parcels of land in the suburban community was raised from \$1,739,430 to \$6,914,680 as part of the reassessment ordered by the Missouri Tax Commission to bring St. Louis County assessments up to 30 per cent of actual value.

The increases announced for Clayton involve land, not the buildings on the land.

been guests of Mr. and Mrs. Lon Stone.

Richard Parkhurst recently visited his parents, Dr. and Mrs. C. L. Parkhurst. He is moving from New York to Santa Monica, Calif. Other guests were Mr. and Mrs. Charles Parkhurst and family, Mt. Vernon.

File Charges Against Driver or Slaying

GOLDEN, Colo. (AP) — Dist. Atty. George Priest filed murder charges in Golden District Court Friday against Alvin Wesley Brooks, 25-year-old Denver taxi driver, in the July 13 slaying of Zelma Broadfoot.

The body of the Eminence, Mo., woman was found by picknickers in a secluded canyon near here last Saturday.

Traced through a telephone call, Miss Broadfoot made for him, Brooks was arrested in Denver. Sheriff Carl Enlow said the curly haired suspect confessed he drove the victim to a picnic spot last week and, in a sudden rage, crushed her head with a heavy rock.

Enlow quoted Brooks as saying he killed Miss Broadfoot when she demanded money under threat of

Floods Block Hiway

LEEVINING, Calif. (AP) — Two flash floods in 24 hours, at the same spot, left heavily travelled US Highway 395 blocked Saturday.

Tons of mud, debris and boulders poured across the highway from the canyons, causing considerable property damage but there were no reports of injuries.

A cloudburst hit the area Thursday and there was a repeater Friday.

The Tioga Lodge resort three miles north of here was hard hit. A half dozen cabins were pushed onto the beach along the shore of Mono Lake.

screaming for help from nearby picknickers.

The 24-year-old woman's body was to be returned for burial at Eminence Saturday.

Brooks is being held in Jefferson County jail.

Watch Out for Walkers

LEXINGTON, Ky. (AP) — The warrant charged a pedestrian with damaging private property after he walked into the side of an automobile.

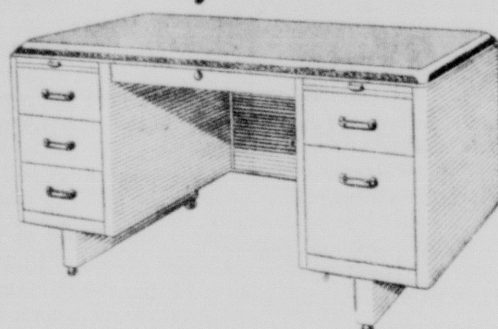

The driver said his windshield and rear view mirror were broken. The pedestrian, bruised and scratched on an arm, said he didn't see the moving car.

Mail Gets Through

ST. LOUIS (AP) — The mail does get through.

Mrs. Paul E. Jungermann of suburban Overland has just received a letter from her husband. The letter, postmarked July 14, 1953, was mailed by Jungermann from Camp McCoy, Wis., during a two week training period for Army reserves two years ago.

Zephyr Firm Air-Conditions Entire Plant

The Zephyr Manufacturing Co., 400 West Second, has become the first all-factory air-conditioned plant in Sedalia with the turning on of units the past week. With the exception of the warehouse department the entire building has been put under air conditioning.

The building known as the old Menefee Building, and at one time housed the National Guard Armory, covers the better part of two-thirds of a block from Monitave west toward Vermont on Second, and runs the full half block back to the alley between Second and Main.

It is a unique arrangement for cooling the various parts of the building. Six large units totalling 42 tons of refrigeration have been placed in the building, three serving the mop department on the second floor, one the upstairs broom department, one the downstairs broom department and one for the office department. It is all automatic and operates off a time clock, shutting off in the evenings, coming on early in the morning, off half a day on Saturdays and all day on Sunday. Three cooling towers are located on the roof.

The arrangement is so fixed that any department can cut off the air conditioning, or if only one department wants it, it can be turned on without interference to any other department or area.

Engineering of the job was by the Anderson Heating and Air Conditioning Co.

Police Quiz Two in Death Of War Vet

LIVINGSTON, Ill., July 23 (AP)—Louis Shoulters, Jr., son of former St. Louis police Lt. Louis Shoulters, and George A. (Stormy) Harvill, a tavern operator, were questioned today but denied knowing anything about the car trunk murder of Bobby Carr, 24, a twice-decorated Korean War veteran.

Bobby D. Martin, 27-year-old St. Louis taxi cab driver, was charged with Carr's murder in a warrant issued yesterday. Police said they believed more than one person was involved in the killing.

The body of Carr, a former St. Louis cab driver, was found stuffed in the trunk of his car here Thursday. He had been stabbed once and shot four times. The time of death was fixed as Tuesday afternoon or night.

Harvill, who operates a tavern near East St. Louis where young Shoulters is employed as a bartender, told East St. Louis Chief of Detectives Al Bott that Carr visited the tavern Monday night and Martin Tuesday night.

Both men, sought as associates of Martin, said they knew Carr. Harvill said he was surprised to see Carr enter the tavern, declaring it was the first time he had been in the establishment since he took it over five months ago.

Bott said Harvill gave no details of Martin's Tuesday night visit but described Carr, who was with two unidentified women, as not appearing nervous or belligerent.

The 26-year-old Shoulters is a big man, about 6 feet tall and 200 pounds, like his father, who is serving a three-year sentence at the Federal Medical Center, Springfield, Mo., for perjury in connection with the missing Green-lease ransom money.

The warrant was issued yesterday after Mr. and Mrs. Carl Reed, parents of the victim, told St. Louis police Carr and Martin had quarreled over Carr's estranged wife.

Harmony Baptists Hold Annual Union Picnic

The Harmony Baptist Association held their annual Training Union picnic at the Liberty Park on Friday evening, July 22, at 7 p.m.

Approximately 200 people from many Baptist churches throughout the association met and enjoyed the fellowship and fun together. Miss Doris Stott is the association's training union director, and Rev. H. W. Chaney is the association's missionary. After the meal, the executive officers held a brief business meeting.

Burial was in the Calhoun Cemetery. Arrangements were by the Housey Funeral Home, Calhoun.

Navy To Run Biggest Arctic Operations

WASHINGTON, July 23 (AP)—The Navy will run its biggest Arctic operations this summer, using 117 ships to send supplies to far north bases and carry equipment for building the DEW Line (distant early warning line of radar).

This largest, peaceful foray of Navy ships to the top of the earth will precede by a few months the departure of a Navy expedition for the opposite end of the earth. Five ships leave for the Antarctic this fall on "Operation Deep Freeze," an exploratory mission.

In the Arctic operation icebreakers, cargo ships, tankers and landing ships will leave from both East and West Coast ports soon to crash their way to remote points along the Arctic perimeter of North America. Each of the several supply expeditions will represent a race to get supplies and equipment in and the ships back out before the early Arctic winter closes sea routes with solid ice.

Flood Causes Much Damage In Atlanta

ATLANTA, July 23 (AP)—A man was swept to death in a storm sewer, tightly closed automobiles floated in flooded streets, and waters swirled into many homes and stores as one of the worst downpours in years hit Atlanta today. Damage was estimated in the thousands of dollars.

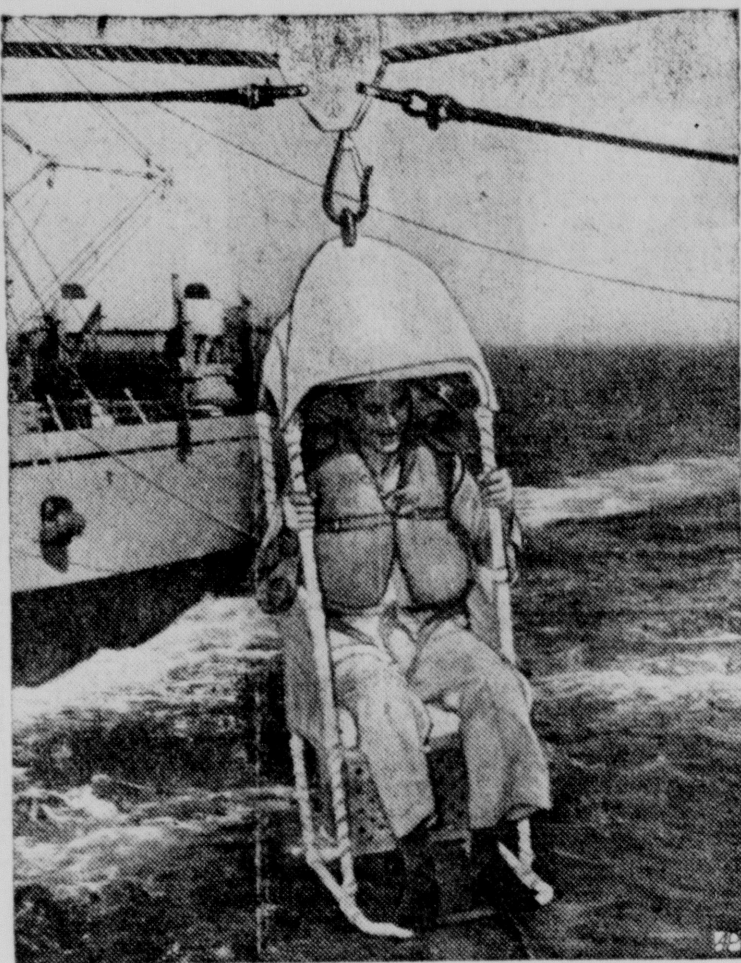

Winslow Jones, 32-year-old cafe employe and father of four children, was sucked into an uncovered manhole while swimming in a flooded street with several other men.

Russia Has Broken All Treaties, Accords

WASHINGTON, July 23 (AP)—A Senate subcommittee said today that Soviet Russia had broken virtually every one of a thousand treaties and agreements made in the past 38 years and raised questions about any "workable agreement with communism."

The release of the bulky study just as President Eisenhower and other Big Four leaders, including Russian, wound up a Geneva conference appeared to question possible results of such a meeting.

Warns Banks Against Any Loose Credit

WASHINGTON (AP)—The government has found there is a tendency to "loosen" installment credit terms, especially on auto financing, and has cautioned banks against it.

Ray M. Gidney, comptroller of the currency, said letters were sent to 4,800 national banks advising them that bank examiners henceforth will report to him on their installment credit and other consumer credit. Similar letters went to 1,900 state banks from the Federal Reserve Board.

Officials said installment credit has reached a new high. Banks have loaned about 9 billion dollars of 24 billions outstanding in credit on the purchase of autos, household appliances, home repairs and other consumer purposes. About a billion of the 24 billion was loaned in the past six months.

Gidney told a reporter yesterday that officials found no "alarming" credit expansion and the letters are not a request for credit curtailment.

"We have in effect said: Go ahead and do all the consumer loan business you can, but be sure you do it sensibly," Gidney explained.

The letter said "recent surveys indicate that in some areas there is a tendency to loosen terms under which this type of credit is granted, particularly in the automobile financing field, by extending maturities and accepting down payments, which, measured in terms of actual value, are lower than had previously been considered standard."

"Well managed banks and finance companies alike will wish to avoid such a development and will use their influence to keep the business on a sound basis."

Army Veteran Is Given Acquittal Of Allegedly Aiding Enemy As POW

FT. BRAGG, N. C., July 23 (AP)—Sgt. John L. Tyler, 25, of Mountsville, W. Va., was acquitted today of all charges of aiding the enemy while a prisoner of war in Korea. The general court-martial hearing against him deliberated 50 minutes before returning the verdict. Earlier Maj. C. E. Noell, the law officer, directed a verdict of innocent on other charges against Tyler, a veteran of seven years in the Army.

Tyler, a prisoner from June 1951, to August 1953, denied all of the charges.

Nineteen GOP Senators Back Ike Proposal

WASHINGTON, July 23 (AP)—Nineteen Republican senators answered the critical silence of some of their leaders today with a joint declaration endorsing President Eisenhower's "bold proposal" for exchange of military blueprints with Russia.

They spoke out as the Big Four sessions ended at Geneva and President Eisenhower headed homeward to report to the nation in a 15-minute broadcast Monday night.

The 19, including several pre-1952 Eisenhower backers, issued their statement after Vice President Nixon said the Big Four talks had given the free world "much more hope" of successful negotiation with the Soviets in forthcoming lower-level conferences.

The 19 said that Eisenhower's military proposal had "caught the imagination and kindled the hopes of people everywhere." They promised "careful consideration" by Congress of needed legislation if the Russians should accept the offer.

The statement was issued by Sen. Case (R-N.J.) on behalf of the 19. It was prompted by the silence with which Sen. Knowland of California, the GOP floor leader, and Sen. Bridges of New Hampshire, chairman of the Republican Policy Committee, had greeted the Eisenhower proposal.

Knowland, Bridges and Sen. Miliken of Colorado, chairman of the conference of all Republican senators, were reported angered by the fact that they and others were not consulted in advance about a proposal some legislators regard as impractical.

Along with Democratic leaders, who praised the proposal, the three Republican chiefs were notified briefly that Eisenhower intended to make the proposal but had no chance to register their opinions on it.

Youth's Leg Fractured When Kicked By Cow

Billie Vaughn, 15-year-old son of Mr. and Mrs. Robert Vaughn, Fortuna, suffered a leg fracture Saturday morning when kicked by a cow at a stock sale in Versailles. The sale was being held at the Versailles auction barn.

He was taken to the St. Mary's Hospital in Jefferson City by the Kidwell ambulance. There it was found the youth's right leg was fractured in two places below the knee.

Human Block Halts Train At Jet Plant

KANSAS CITY (AP)—About 25 men formed a human blockade and prevented a freight train from entering the strikebound Westinghouse jet engine plant today.

A call brought 10 or more Jackson County sheriff's officers to the scene and it was feared a serious disorder might develop.

But after about two hours of wrangling involving the officers and the blockaders, the train backed away from the plant. It was the second time that a human barrier stopped a train from going into the property and the third attempt recently to bring in such a train.

The 40-car freight carried jet fuel, gasoline and oil for the plant, where some supervisory employes are still on the job.

The men who formed the barrier denied they were members of the UAW-CIO Local 324 which is on "sympathizers."

Missouri Pacific Railroad officials said the men running the train were supervisory employes and not members of unions.

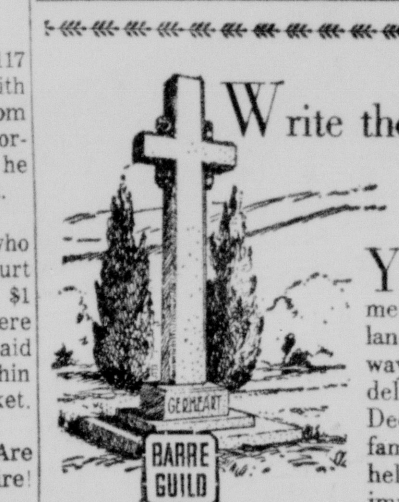

Col. Marvin Casteel, supervisor of the Jackson County sheriff's patrol, told 16 of the "sympathizers" they were trespassing on private property. The men gave him their names but refused to leave the tracks. The scene is a spur line north of the plant, which has been struck since June 12.

Finally Casteel suggested to attorneys for Westinghouse and the Missouri Pacific that the railroad get a court order enjoining the men from blocking the train. It was agreed to try this procedure, and the train backed away and the blockaders walked off the tracks.

Conservative Paper Praises Eisenhower

LONDON (AP)—The Conservative Daily Mail said today "there is something Churchillian about President Eisenhower's sweeping plan for peace—and we could pay him no greater compliment than to say that."

The newspaper's editorial commented that the Eisenhower proposal for exchange of military information with the Soviet Union is "startlingly simple, but many great ideas are simple in their essentials."

Young Hoedowners Add Community Spice With Their Happy, Colorful Participation

Their youth, their smiles and the perfection of their dancing have made the 3-D Square Dancers a group of real entertainers in their own home town. Men and women of civic clubs and other organizations sit smiling as these youngsters dance and their applause indicate they are never quite ready for them to stop.

Mrs. Eldon DeMott, who teaches a Sunday School class of teenagers at Epworth Methodist Church, always had something once a week such as parties, picnics, wieners roasts and other fun for the boys and girls in her class. One day

HERE ARE THE 3-D'S — Pictured above are the 3-D Square Dancers, Donald Donath's Dancers. They are back row, left to right, J. L. Ellison, Jenny Ward, Donald Donath, Sandra Maune and Jimmy Croy. Front row, left to right are: Marvin Maune, Berlene Curtis, Betty Calloway and Harold Hackler. This picture appeared in the July issue of Square-N-Round, international dance magazine.

she called Donath Donath, who is also a member of the church, and asked him to conduct a square dance in her barn loft for the class.

Don Donath and his wife, Edith, are never happier than when they are square dancing and so he immediately said he would be there. The youngsters liked it and from that grew this little group of eight who wanted especially to dance together.

It was on Oct. 1, 1934, that this square was organized and they danced their first exhibition at Warsaw on Oct. 16. With a little misgiving Don took the youngsters to Warsaw — after all they had just danced together in the barn loft and had started only 16 days before that. But, the 3-Ds (having named themselves Donald Donath's Dancers and shortened it to 3-Ds) were just tops, and Warsaw liked them.

Now, it is with pride in his voice that Don Donath introduces his little group.

"Couple No. 1," he will say, "J. L. Ellison and Berlene Curtis." Both youngsters smile broadly and Berlene courtesies while J. L. bows.

"Couple No. 2," says Don, "Marvin Maune and Jenny Ward"; then, "Couple No. 3, Harold Hackler and Sandra Maune" and

"Couple No. 4, Jimmy Croy and Betty Calloway." Each boy bows and each girl courtesies as they are introduced.

Then they dance as if they enjoyed every minute of it, they never lose their bright smiles and they never make a mistake, time after time.

In the original set was Landon Smith who was Jenny Ward's partner but Landon's family moved to Tennessee. That didn't break up the set, however. Marvin Maune, who will be a freshman next year, had been watching the group, his sister, Sandra, was in

maybe sickness, has required an extra substitute for an exhibition, or practice, and Kenneth Anderson, who is employed at The Sedalia Democrat, helps out. Of course, Anderson some time ago left his teens behind, but he fits in nicely with the youngsters and they like him. He has helped them several times when they needed him.

These teenagers, all seniors except Marvin, are industrious youngsters. J. L. works in the baggage room at the Missouri-Pacific and in school will be president of the senior class at Smith Cotton; Marvin helps at the Hobby Shop and will be Junior Student Council president; Jimmy works at Hurt's Pharmacy; Charles works at Tullis-Hall's; Betty Calloway works at Priddy's Shoe Store; Sandra works at Tullis-Hall's, Berlene babysits and works extra in stores downtown; and while Jenny and Harold have no jobs, they are always working around their homes.

The girls wear red checked full skirts with white blouses and red sashes and little black ribbons

around their necks. The boys wear white shirts, red ties, jeans and boots. The four girls have either made their dresses entirely or helped in the making.

In Sedalia they have danced at two of the square dance festivals, have been on programs for the Business and Professional Women's Club, the Lions Club, the Optimist Club, MKT Women's Safety Club, Elks Ladies Club, Boots and Saddle Club, Central Missouri State College Alumni Club, appeared several times on KDRO-TV and have participated in one of the high school assembly programs.

They have also danced at Kemper Military ballroom for Booneville Square Dance Festival and at the armory in Mexico for their festival.

SAMSONITE

LUGGAGE TABLES CHAIRS
Scott's Book Shop

Their big thrill came when they attended the three-day International Square Dance Festival at Camdenton. They danced exhibitions each of the three nights and two afternoons. That wasn't all, they took an excursion boat trip with other square dancers and danced on the boat and visited Kirkwood Lodge at Osage Beach, giving an exhibition there. They enjoy doing some round dancing as well as squares and quadrilles.

It was for the festival at Camdenton that they realized they needed another set of costumes. So the girls made themselves more skirts and blouses, matching the skirts to the color of their partner's shirts. One couple has pink, another blue, another yellow and the other green.

It was the Camdenton Festival where the 3-D Square Dancers attracted so much attention that they

were given three-fourths of a page in "The Square-N-Round," leading international dance magazine.

A picture of the group with Don Donath is in the magazine with the following notation beneath: "Pictured above are the 3-D Square Dancers of Sedalia, Mo. They call themselves the 3-Ds because their caller's name is Donald Donath and they are the Donald Donath Dancers, which accounts for the 3-D. They are a wonderful exhibition group who attended the First Annual Square Dance Festival in Camdenton, Mo., and danced all

Let's Not Die On The Vine

After all that has been said and written about the Sedalia Urban Area plan of highway improvements within the city one may conclude there's nothing left to do but go to the polls Tuesday, August 2, and vote for the \$250,000 bond issue—Sedalia's portion of a \$2,500,000 federal-state-city expenditure here.

A special effort has been made to clarify all the elements of the plan, one of which is that the bond issue will not necessitate an increase in the tax rate. Long ago the city finance committee tackled this one and concluded the bond issue can be financed without an increase in property taxes. This determination was made on the basis of construction of new homes and business here this year and last which will result in additional tax revenue. An additional \$8,000 annually will become available following completion of the City Planning Survey this year. Altogether increased revenue should be ample to retire the bonds and meet the interest payments.

Traffic on Highway 50 (Broadway) is heavy. But widening the street and dispersing the traffic certainly isn't going to make traffic more voluminous. Anyone who has studied the basic policy of the Sedalia Urban plan should know by now, after repeated published comments about it, that the first step in determining the best highway routes in Sedalia was an origin and destination survey in 1953. This was not a slipshod check. Drivers were asked where they were coming from and where they were going. This careful survey revealed that 80 per cent of the traffic movement toward Sedalia had Sedalia as its destination; furthermore, of this amount 35 per cent was moving toward the downtown business section.

We know that the basic goal of the Urban plan is to keep traffic moving. This was one reason for proposing Highway 66 be extended north of Broadway on Limit straight through to Main, over a bridge, and then curving northward to join the present Highway 65 north of the city limits.

Traffic engineers have determined this dispersal of the traffic load will result in 1,900 fewer cars a day on Broadway from Limit to Missouri. Certainly this is not increasing the load as some would have us believe.

The Urban Area plan thus has for its purpose the creation of a system of highway improvements within the city in order to expedite external travel into and through the city, accelerate the

movement of internal traffic and to relieve congestion.

This type of urban development plan is being offered in Missouri towns of 20,000 or more population, and after completion 6.4 miles of streets within the city limits will be maintained by the state highway department. The program is similar to one in which the state and federal governments put up nine times as much as did Springfield to provide a \$10,000,000 package deal for street improvements there. Springfield is now getting a visual glimpse of the first installment of what they bought for a million dollars in a bond issue last fall.

Maybe there are a few pet peeves, and minor sacrifices to be made, when progress knocks at the door. But the magnitude of this Urban Area improvement should be recognized as readily by Sedalia as it was by Springfield. The Ozark city has been on its toes keeping pace with progress for many years. Columbia, too, is moving forward with the times. It is now readying a street improvement program with state and federal aid that will cost twice as much as Sedalia's.

Sedalia, of late, has been feeling some growing pains but these shouldn't be considered excruciating enough to cause a relapse in our enthusiastic forward movement nor revert to chronic opposition to enterprise and advancement right at a time when we need a two-thirds vote of the people to pass a \$250,000 bond issue that won't raise the taxes but will bring \$2,500,000 worth of construction here to beautify the city, relieve the traffic situation by diversion, and put a chunk of money into a five or six times turnover which will benefit every business whose management and employees have the energy to take advantage of it.

And there's one thing to remember about the Urban Area plan. Funds available for this project are for improvements within the corporate limits of the city—that's where it gets its name (Urban Area project.) Sedalia, of course, doesn't have to take it, but certainly it will be a long time before the Highway Department gets around to anything better such as so-called by-passes around the town. Most of us will be dead and gone before that happens.

So let's keep the vine of progress growing and have an Urban Area improvement like Springfield and other progressive communities.

That's Where the Tall Corn Grows

Summer Gay And Free

Summer is a happy time
Filled with lots of fun,
Trees for shade and trees to climb
From the heat of sun;
Places to go for a swim,
Just to take a dip,
Wading pools filled to the brim
To sail a little ship;
Summer time is time to play,
And somehow hot weather
Has a special little way
Of bringing folks together,
Picnics—with big baskets filled
Full of things to eat;
All the youngsters are so thrilled,
Picnics are a treat;
Families go out for a ride,
Spend evening at a park
Where they swing and where they slide
Even after dark;
Tennis, fishing, hiking
Every year seems new,
Things to your liking
Are the things to do;
When the weather's warm and bright
Outdoors seems to call
And families find a real delight
In fun for one and all.

GETTING READY to wash her hair the girl got it wet, reached for the bottle of shampoo and put a generous amount on her head. She rubbed it a little, nothing happened — it didn't lather at all. She put some more on and it didn't lather either—then she thought maybe she didn't have enough water on it — so she dunked her head in the water and began rubbing — still no suds. She looked at the bottle and read the label: "All Purpose Weather Lotion". She found her shampoo and started in trying to get the sticky lotion out of her hair. She put more and more shampoo on and more and more water but nothing seemed to get the oil out — her hair was a mess just as if she

had never had a shampoo. Now she is wondering how many shampoos it is going to take to get the hair back to normal. — H. L.

MAYBE A SEDALIA man has got the answer to the problem of people with children looking for places to live. When he walked in the Chamber of Commerce recently with the idea of renting his apartment, the girl filling out the card asked the routine question: "Do you allow children?" "That depends," answered the man. "I'd have to see them first. It all depends on who is boss—if the mother is boss then I'll take them, if the child is boss, I won't." —H.L.

THE LITTLE boy's aunt wanted to take him with her to school on the last day and his mother asked him if he wanted to go to school with Helen. "Yes," he said, "What school does she go to?" "She goes to high school," replied the mother. "If she goes to high school," said the little boy, "then I can't go because I'm not high." —H.L.

Dr. Jordan Says—

Nature Usually Provides Us With Good Blood Clotting

By Edwin P. Jordan, M. D.
If it were not for the fact that the blood hardens or "clots" when it comes in contact with the air, we should all bleed to death after even the tiniest scratch.

Sometimes blood clots may form too easily or rapidly. The formation of clots inside the veins or arteries is called thrombosis. Such clots shut off the flow of blood through the particular vessels in which they occur.

Nature's method of regulating blood clotting is marvelous. At least five substances present in the blood influence blood clotting. They are prothrombin, thrombin, thromboplastin, ionized calcium and fibrinogen.

When these substances fail to act properly on each other, the normal control over clotting is lost. Blood clotting may be slowed or speeded depending on what has happened.

Blood clotting may be modified to some extent by medical means. If there is a tendency to easy clotting within the body, a substance called heparin (which is a liver extract) can sometimes be used to delay this process. A material called dicumol, obtained from spoiled sweet clover, has something of the same effect.

If, on the other hand, it is desired to increase the speed of clotting because of a tendency to too easy bleeding, blood transfusions, local pressure and certain substances which can be applied locally, or injected, are sometimes helpful.

Fortunately for most of us, an almost perfect balance between too slow and too rapid clotting exists, so that it is only rarely that we can improve on nature in this respect.

A reader writes that her teenage daughter has a blood disease called purpura. Purpura is the result of a disturbance in the clotting mechanism (there are several kinds).

It is most commonly shown by black and blue spots under the skin, or mucous membranes. These are hemorrhages from the blood vessels. The treatment of purpura depends on the kind.

Another well-known disturbance of the clotting mechanism occurs in hemophilia. This has been the subject of separate discussion in this column.

fied a guard who then brought up Dwayne.

Artificial respiration was administered Mark and he was revived in about four minutes. Two doctors and the lifeguard worked on Dwayne without result. The youths were experienced swimmers.

Dwayne is survived by his father, Bert Swingle, and his stepmother, Mrs. Frances Swingle.

Although the most familiar form of social structure is patrilineal—you reckon your descent from your father and he from his father, etc. the female line.

On the side of too rapid clotting we have trouble only with thrombosis, or clotting, within the blood vessels. Such internal clotting occurs most commonly in the heart, the brain and the lower extremities.

One should not worry needlessly about disturbances of blood clotting, however, since nature is usually kind to us in looking after this without outside interference.

Parents Are Capable Protectors For The Largest Sized Families

By BETSY WADE
NEA Staff Correspondent

TRENTON, N.J.—(NEA)—From the minute the nurse thrusts the blanket-wrapped bundle into your arms, you, the mother, realize that your child's life is in your hands.

You anticipate tumbles in the park, stumbles on the stairs, measles, pinched fingers and tooth-pulling. Already you feel as though you were standing guard, too, against the more severe disasters of childhood.

Are parents capable of guarding their children's safety?

Sometimes it seems to you that the experts are asking you to be a first-class child psychiatrist, safety engineer, food examiner or doctor. To have eyes in the back of your head and never sleep.

But tests made here indicate that despite these difficult demands, most mothers and fathers are capable guardians of their children's safety.

Thirty thousand parents found their way with remarkable ability through a knotty questionnaire propounded by the National Safety Council the New Jersey State Department of Health and four co-operating agencies.

The skill that these parents demonstrated on paper at fending off possible mishaps to children seems to have little to do with instinct.

For, according to the National Safety Council's recently revealed breakdown of the results, the more kids the parents have, the more they seem to learn about child safety.

Common sense, experience, concentration on the matters at hand, plus a touch of the calm rare in first-time parents seem to be the qualities that help you guard your child.

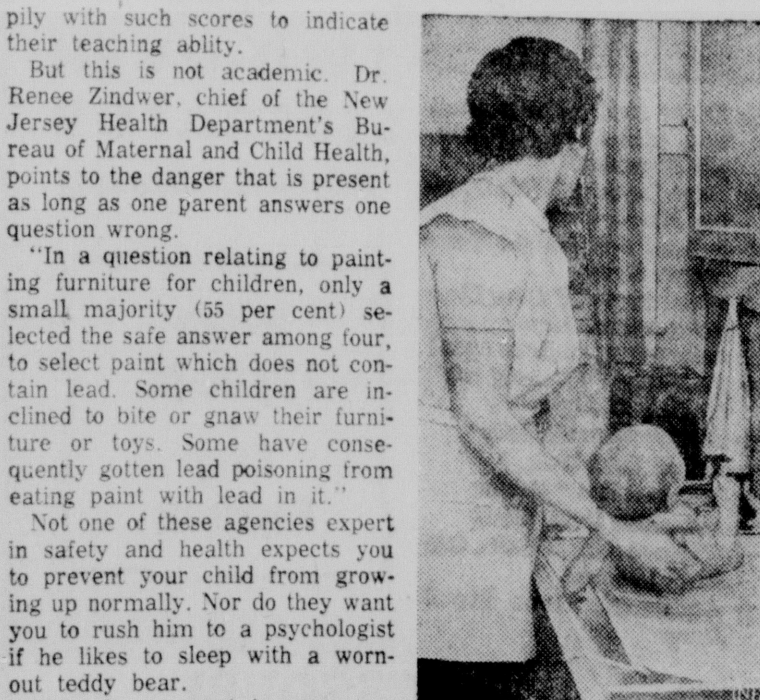

Out of the 16 questions, the women answered 78 per cent the preferred way, the men answered 76.3 per cent the preferred way passing scores in any school.

Ninety per cent knew that a soft pillow is not a safe accessory for a baby. Ninety-one per cent knew that ammonia must be stored where a two-year-old cannot get at it. Ninety-eight per cent knew that steps, not words, must be used in coping with an open well in a play field.

If this were an academic exam, the examiners might retire hap-

Two-year-olds like to know what's in bottles. The preferred answer to this situation is: Keep bleach, ammonia and similar household chemicals out of youngster's reach.

4-H Round-Up

By Jim Perry
Assistant County Agent

The 4-H Chamber of Commerce picnic plans are all made for Tues-day night, July 26. Committees have had their assignments and everyone is looking forward to this annual event. The food should be there by 6:15 so the foods com-mittee can get it placed on the tables. The program will begin at 6:30 with the serving starting at 6:45.

Remember the County 4-H Live-stock Show, Aug. 13.

4-H members who have signed up to go to camp, July 28-31, have been mailed a letter of instruc-tions and health examination blank.

A special thanks from all of the extension staff to the 4-H mem-bers, leaders and parents for the cooperation and help with the 4-H Achievement Day and 4-H Judging Day activities. Without your help we could not have the county af-fairs. You have helped to put on a very successful County Achieve-ment Day consisting of judging, exhibits, demonstrations, grooming and dress review.

Progress In Cancer Work At Warsaw

By Mrs. Jane Van Horn

WARSAW—The educational por-tion of the work of the American Cancer Society in Benton County is making progress under the di-rection of Mrs. Harold Price, Fair-field, Mo., who is a volunteer lead-er in the county. This year more than 100 dozen cancer dressings have been made by church groups, extension clubs and many other organized civic groups.

A very interesting thing that has come recently in this program is that Josephine Fenton who is in the Benton County jail for helping in the many robberies which took place in the county in the spring, has made about 26 dozen cancer dressings recently.

Mrs. Oliver White, wife of the Benton County sheriff, mentioned to her one day that the extension club, of which she was a member, was making the dressings, and Josephine asked for some to make to help pass the time.

The preparation of dressings for patients suffering from cancer is one of the humanitarian services of the American Cancer Society. The purpose of the dressing pro-gram is to provide for the needs of the patients in the county.

Dressings are available to any cancer patients who need them, free of charge, regardless of their ability to pay. It is estimated that the average patient requires dress-ings, which if purchased, would cost \$40 to \$50 a month. These dressings are made of cellulose, gauze and white materials. The cellulose and gauze are either paid for or provided directly by the American Cancer Society.

Recent guests in the home of Mr. and Mrs. Milt Hammond were Mrs. Bill Bristow and Mrs. Bob Bristow, Mr. and Mrs. Otis Heer-man, Sedalia, and Mr. and Mrs. Warner Throne and children, Kan-sas City.

Darrell Jean Keightley, Fristoe, is visiting in the home of Mr. and Mrs. Ceibert Breshears.

Mrs. Dora Johnson, who recent-ly underwent surgery in Kansas City, returned home last Sunday. Mrs. Houston Johnson, Fristoe, is staying with her.

Bill Van Horn and Harold Lee Johnson attended a training pro-gram last week in Springfield in meat judging. They are planning to enter the county meat judging in the 4-H club. Much interest has been shown by the entire 4-H clubs in this county, since Karon Price was on the state team that went to the American Royal last year.

Trooper and Mrs. Glenn Means, Mrs. Dossie Groomer and Mrs. Marie are vacationing in Wiscon-sin this week.

The Warsaw Homemakers Ex-tension will have their annual fam-ily picnic on Tuesday night, July 26. The picnic will be at the City Park. This week a concrete floor was poured and electricity is be-ing installed. This park has been one of the projects for improve-ment that the extension club has sponsored.

Mr. and Mrs. Leland Waltall en-tertained the Oliver White's on Tuesday evening.

Benton County may well be nam-ed the "County where the good corn comes from." That is con-sidering that 15 entries from the county have been announced by the Missouri Farmers Association state-wide Corn Yield Contest. Prizes totaling \$2,400 will go to the winners. This is the seventh year the contest has been held, and contestants of all ages and all sections of Missouri are eligi-ble to enter.

Those entered art Estel Kin-kead, Warsaw; W. W. Wheeler, Windsor; Charles Dick, Lincoln; H. P. Bockelman, Lincoln; Chad Gregory, Warsaw; Mack Powell, Warsaw; Walter Kaiser, Velmor Harms, Leo Bahrenberg, Helmer Heimsoth, W. O. Linville, Henry Lange, Oscar Heimsoth, Paul Keu-ler and Hugo Schnakenberg, Cole Camp.

tends to make for a good ending. This is especially true in 4-H sheep projects. Since much of the suc-cess with a ewe and lamb project depends upon kind of ewes select-ed, the way they are managed before breeding, kind of ram used, and how ewes are cared for before lambing, August is the time to start sheep projects for the follow-ing year.

Briefly, requirements for a 4-H ewe and lamb project are for the club member to own, feed and care for three or more ewes from near breeding time until the lambs weigh about 80 pounds. Many Mis-souri 4-H club boys and girls have started with three to five ewes and have added to them until they have developed a practical size farm flock.

Boys and girls may start with any age ewes but it is important that they secure the kind of ewe that will produce a good lamb when bred to a good mutton type ram. Generally, club members start with yearling or two year old ewes but at times older ewes of good type can be purchased enough cheaper to make them practical for one or two lamb crops. Purebred or registered ewes are not required. In fact, good grade ewes may be more practi-cal for producing market lambs. In either case, a purebred or reg-istered ram selected for its mutton and wool qualities is always recom-mended and will make profits over the ordinary grade ram.

Experience has shown that good western ewes bred to registered mutton rams have been very suc-cessful in producing choice market lambs. Although native ewes are used by many club members, west-ern ewes do have some advan-tages.

Club members and commercial flock owners like western ewes because:

1. They are generally more uni-form in age, size and type.
2. They carry fewer parasites than native ewes in most cases.
3. They usually breed more uni-formly and therefore produce more lambs ready for market at a given time.
4. They generally shear more wool that sells at a higher price than wool from native ewes.

The biggest disadvantage of western ewes is that initial cost is usually greater than for native ewes. They also may be harder to secure in small numbers unless purchased cooperatively on a club or county basis and then divided into lots.

In past years, many car loads of selected ewes have been pur-chased cooperatively and made available to Missouri club mem-bers. Usually, the ewes are ship-ped into the counties in July or early August, put on pasture and bred to registered rams in one group, and then distributed to club members as bred ewes in October or early November. County agents working with local committees in many counties are taking orders for western ewes in order that they can be purchased now when western ranchers are selling.

Now is the time to start your sheep project for next year, espe-cially if you want western ewes.

You probably know this about Kellogg's All-Bran: it's the original whole bran cereal, scientifically milled to bring you natural food bulk in its most effective and ap-petizing form. But did you know this? Kellogg's All-Bran served with milk is a fine aid to fitness. This delicious, wholesome dish supplies 9 body-builders you need daily. Besides this, All-Bran can improve your "Intestinal Tone" (often below par when diets lack bulk), so essential to comfortable, regular elimination. So why not enjoy the natural benefits of these two fine foods, All-Bran and milk, for fitness and regularity? Be sure you get the original, the one and only, Kellogg's All-Bran. It really works. Double your money back if a daily dish of All-Bran and milk doesn't have you on schedule within 10 days. That's a promise from Kellogg's of Battle Creek, Michigan.

Martin Building Is Restored After Explosion

On the last day of January this year, an explosion occurred at A. F. Martin's business building here occupied by the Tipton Manufac-turing Co., a trouser-making firm. Much of the western section of the two-story structure was dam-aged, and, quickly, Martin saw that the building was put back in shape for occupancy. It has been attractively and substantially re-built and the factory now uses more space than it ever has.

Office rooms have been moved to a section that had been used by John P. Schmidt in his shoe repair business and Schmidt has now moved into Martin's building which was formerly occupied by the Frank Gerbes Super Market. This building has also been re-modeled and otherwise improved and it now is completely filled, with Virgil Helms occupying the

Army Will Survey Six Flood Project Plans

WASHINGTON (AP) — The Army Engineers have announced plans to spend \$65,300 to survey six flood control and navigation projects in Kansas and Missouri.

The studies will be made during the present fiscal year. Such stud-ies usually are preliminary to Con-gress being asked to authorize new flood control and navigation works and to appropriate money to pay for them.

The projects are:

Missouri — Lamine and Black-water rivers, \$14,000; Mississippi river agricultural areas \$2,700; St. Genevieve and St. Mary, \$5,000; Salt River, \$14,800; Festus \$8,800; Kansas—Kansas River, \$20,000.

eastern section, just west of the Times building.

Attorney Frank J. Quigley this week moved into the building di-

rectly across the hall west from Western Auto from the second floor of Herman's Coffee Shop.

Next to and adjoining west to Quigley's law and building and loan offices is the Curtis F. Veach Construction Co. offices. These were formerly in the factory build-ing, having moved after the explo-sion to the Earl Norman building now occupied by Lenora's Beauty Shoppe.

Schmidt's Shoe Shop is located to the north side of the building through means of a hallway be-tween the Virgil Helms and Frank Quigley places, the hallway turn-ing to the entrance to Veach's offices.

Sam Molen asks:

WHAT IS YOUR MOST IMPORTANT ACTIVITY OUTSIDE OF YOUR JOB?

SAM MOLEN, well-known sports commentator, KMBC—KMBC-TV, Kansas City, Missouri

FREDDIE M. GARTER, Standard Oil Plant Cashier, Grand Rapids, Michigan:

"That's a hard question to answer, but if I have to select one outside activity as the most im-portant, I think it would have to be my church work. I have been president of our Sunday School and now am serving as church treasurer. It has been a personally rewarding experience to be helpful in both a material and spiritual way. But there are two other outside activities in which I am very much interested—Scouting and PTA. I am the Scoutmaster of Troop 272 and am treasurer of the Godfrey School PTA."

DEAN H. HULL, Standard Oil dealer, Springfield, Colorado:

"As a business man in a small community, I feel a special responsibility about good government in our town. There are a lot of privileges that go with citizenship, but for each one there is a balancing duty. Right now I am chairman of our City Council and in charge of the Streets Department and Electrical Department. I am also a member of the City Board on housing projects. Another important activity is the Student-Business Exchange Program, which helps local high school students get acquainted with business problems."

MYRON E. JOLIDON, Standard Oil Division Industrial Relations Manager, Milwaukee, Wisconsin:

"Traffic safety has been a pet project of mine for a long time. Safety should be everyone's business, and I realized this more than ever when I had the privilege of serving as president of the Wisconsin Council of Safety and as chairman of the Foremen's Safety School of the Milwaukee Association of Commerce. I've spent 30 years in safety promotional work as a career, so my outside activity in behalf of traffic safety has been a little like a postman's holiday."

LEE WILSON, Electrician, Standard Oil Refinery, Sugar Creek, Missouri:

"I'm sold on Scouting, and for the past eleven years I have devoted most of my spare time to Boy Scout work. I am Scoutmaster of Troop 204, Independence, Missouri, and it's really reward-ing to me to work with a boy who is making the hard climb up what we call 'the Eagle Trail'. You've heard that good Scouts become good citizens, and I know it's true. There's a special reward for Scoutmasters in watching their boys grow up and have a head start toward happy and successful adult lives. I am proud to be a part of this organization and to have two sons who are Boy Scouts."

Good citizenship on the part of a man or a company does not occur accidentally. It grows out of the constant practice of "The Golden Rule". Standard Oil is proud that many thousands of its employees and dealers find time to do just as good a job for their communities as they do for us.

For Airport Project

ST. LOUIS (AP)—St. Louis County Supervisor Luman F. Matthews has recommended the inclusion of \$2,200,000 for improvements at Weiss Airport in the proposed county bond issue to be voted on Oct. 4.

Matthews made the recommendation to the Citizens Bond Issue Committee which is considering an overall bond issue of 40 to 45 million dollars to finance capital improvements in the county.

St. Louis city voters recently approved a 110 million dollar bond issue.

Rural Hiway Toll Reaches New Record

Disaster strikes without fanfare. Within a forty-eight hour period 18 are killed another 18 injured and thousands of dollars of property damage is incurred on Missouri's rural highways in the most disastrous two-day period encountered this year.

What do drivers do to cause such terrific tolls? "It's the same hackneyed answer," Patrol Superintendent Hugh H. Waggoner said, "Human failure is the main cause with the same well known partners in crime—speed and alcohol."

In this particular 48-hour period which was the basis for a study of traffic accident causes by the patrol's public education section, only one of the 18 fatalities could not be laid to complete abandonment of responsibility by a driver.

Nine deaths and 6 serious injuries were the results of accidents in which drinking was involved as well as speed.

Eleven drivers were guilty of gross negligence by making bad passes, losing control on curves, driving at excessive speed, and drinking. Three of them were killed; eight escaped death; but 13 innocent passengers and one innocent driver were killed because of their carelessness.

Twelve accidents accounted for the 18 killed. One was a pedestrian accident. Four of the accidents were caused from passing when the way ahead was not clear. Four were the result of excessive speed on curves. Approaching a decline at excessive speed caused one to skid over a 50-foot embankment, while another driving at excessive speed was unable to stop in time and hit the vehicle ahead. A drinking driver hit an approaching car head-on after he had swerved to the wrong side of the road.

spent the weekend with her sister, Mr. and Mrs. John Wisner, Spring Hill, Kan.

Mr. and Mrs. Monroe Harris and family, Sedalia, spent Wednesday evening with his mother, Mrs. A. M. Harris.

Lake Drained After Typhoid Found Present

Residents of Sweet Springs have acted quickly the past week, and in so doing they have probably ward off a good possibility of typhoid fever throughout their community. Last week persons of the community noticed many dead fish floating in the community lake.

The city Board of Health ordered the lake closed immediately to all swimmers. A sample of the water in the lake, which is used for both swimming and fishing, was taken and sent to the State Board of Health and the Sweet Springs Water Co. A report came from the Sweet Springs Water Co. Tuesday that there was a definite presence of typhoid growing in the lake.

Wednesday morning the Sweet Springs Volunteer Fire Department was ordered to drain the lake immediately. They then went to the lake and used water pressure to cut a hole in the dam. When the major part of the water was drained out they used dynamite and blasted the rest of the dam away, thus allowing all the water to drain.

Dr. C. A. Worley, a member of the Sweet Springs Board of Health, reports that the danger of a typhoid outbreak is quite slim, due to the immediate action taken. "For one thing," he says, "most of the children who were swimming in the pool had received typhoid immunization shots through the public school system. Some of the younger children have not received these shots yet, but we are keeping a careful watch on them and believe the main danger to be over." Dr. Worley says that there is a 10-20 incubation period for typhoid. With the lake having been closed to swimmers for well over a week the chances of any typhoid are slimming daily.

Dr. Worley praised both residents of the community and the State Conservation Board for their speedy steps to get the lake drained. He said that since the lake was stocked with fish by the commission that their approval had to be obtained before the dam could be destroyed.

This approval came immediately—even though many dollars' worth of fish and much past effort was wasted.

With the immediate danger now over, Sweet Springs residents are already planning for reconstruction of the dam in the fall. Tests show that the mineral springs which "feed" the lake are pure, and that the typhoid was definitely a result of contamination in the lake itself. Without the lake, there is no place for the people of the community to swim and this fact alone distresses the children very much.

The estimated size of the lake is 50 by 100 yards. It has been used in past years by many throughout the Sweet Springs area for fishing, swimming and recreation.

Six Local Boys Attend FFA's Summer Camp

Last week Donald Benware, Dale McCune, Fred Zeiger, Lloyd Atkin, Guy Tisworth and Curtis Lacey, all of Green Ridge, attended Camp Rising Sun, located on the Grand Glaize arm of the Lake of the Ozarks in the Lake of the Ozarks State Park Recreational Area. During the eight-week period 138 chapters will be represented by 1400 FFA members.

The purpose of the camp is to give an intensive short training course in FFA leadership. Life-saving instruction is given by a fully qualified lifeguard and an assistant.

The six boys and Stephen Douglas were assigned to Barracks Two, along with two other chapters, Adrian and Crain. There were 17, including instructors, in the barracks. One state officer was in the barracks, Allan Silver, vice-president for the central district.

The boys entered the tournaments by barracks. Barracks Two won second in ping pong, both singles and doubles, second in football, second in volleyball and first in swimming.

The evening programs were: Monday, camp regulations and organizations; Tuesday, conservation; Wednesday, vesper services and first aid; Thursday, talent night; and Friday, square dancing.

Has Picture Card To Prove It—

Sedalia Boy Meets Old Betsy On Vacation Trip to Arkansas

Gary Dyer, nine years old, one of the coonskin cap clan, came home one day very excited. A little girl at school had told him she had been to the Alamo and had seen "Old Betsy", David Crockett's rifle.

"Why, Old Betsy isn't in the Alamo," said Lawrence Dyer, Gary's father, who hailed from Fort Smith, Ark., "Old Betsy is in Arkansas, in the capitol building in Little Rock."

Maybe his dad was from Arkansas but Gary was from Missouri and he had to be shown. In fact his dad wanted to prove that he was right so when vacation time came, Gary, his mother and dad started for Arkansas — really Fort Smith, to see Lawrence's mother, they just felt it was an important matter they had to settle — this thing about Old Betsy, so they stopped in Little Rock.

Sure enough that was where they found Old Betsy and the wife of Davy Crockett's great grandson, Mrs. John Wesley Crockett, took great pride in showing it to them. They were a little surprised to find it wasn't out in plain view — no siree — it was locked up in the safe in the treasurer's office — where Mrs. Crockett works.

She got it out and showed it to Gary and the inscription was still there. Of course the gold was peeling off a bit but never the less, there it was on the barrel: "Presented by the young men of Philadelphia to the Hon. David Crockett of Tennessee — go ahead."

Gary was thrilled beyond words — but he didn't have a film so he could take a picture of it. How would he ever prove to the kids

COOK'S PAINTS In EVERY PRICE RANGE COOK'S Quality HOUSE PAINTS Are BEST!

Here's WHY and HOW Cook's 2-COAT SYSTEM WORKS to Give Your HOUSE WHITER Self-Cleaning Beauty that Lasts Years L-o-n-g-e-r!

WHAT IT IS: Cook's famous 2-Coat House Painting System is the combined use of a scientifically formulated primer coat and a superior quality finish coat—2 distinctly different products that, together, provide the finest beauty and protection available.

COOK'S SUPERWHITE PRIMER

—the coat for the wood, seals the surface and sets up a perfect, uniform foundation for the finish coat. By providing a sealed surface, Superwhite Primer keeps the life-giving oils of the finish coat on the surface—where they belong.

COOK'S HOUSE PAINT

—the beauty coat, is scientifically formulated to give easy application, exceptional hiding and coverage. Applied over Cook's Superwhite Primer, Cook's House Paint gives added years of snowy-white, self-cleansing beauty.

4 Basic Points Demonstrate the True Economy of Cook's House Paint

Cook's House Paint Gives UNIFORM COVERAGE

... because specially-processed oils and thorough pigment dispersion give easy, uniform brushing.

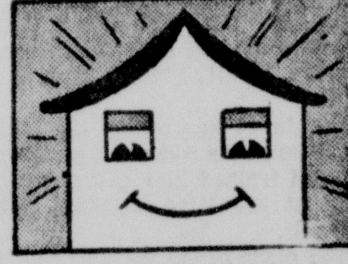

Cook's House Paint Gives MAXIMUM DURABILITY

... because no portion of the beauty coat, Cook's House Paint, is sacrificed to seal the wood.

Cook's House Paint Gives EXCEPTIONAL HIDING

... because only the finest opaque pigments, plus dazzling white titanium, are used in Cook's House Paint.

Cook's House Paint Stays SNOWY-WHITE

... because it's gas-and-fume-proof, mildew-resistant, and self-cleansing. Each rainfall rinses-off dirt and dust leaving a fresh, snowy-white surface.

COMPARE THESE DISTINCT ADVANTAGES

- Side-by-Side Comparison Proves Cook's House Paint Initially WHITER
- Cook's House Paint STAYS WHITER ... Because It's SELF-CLEANSING
- It's Gas-and-Fume-Proof and Mildew-Resistant ... Will NOT DISCOLOR
- Cook's House Paint HIDES BETTER—Actually SPREADS FURTHER
- Specially-processed Quality Ingredients Assure EASIER BRUSHING

Local Harness Drivers Run Tops Winning Big Purses and Records

R. C. Parkhurst's Dale Adam Paces Home to Records

William R. Parkhurst, received word today that his father's race horse, Dale Adam, had broken the track record at the Audubon Park Raceway in Audubon, Ky., Thursday, July 21.

The breaking of a track record in sulky racing is always big news but the big item of interest in this particular record was that the four year old horse, owned and driven by R. C. Parkhurst, 2503 West Broadway, raced under the wire in two minutes, three seconds clipping two-fifths of a second off his own record which was set July 13.

The Evansville, Ind., newspaper, which handles publicity for the track had the following account of the first record:

"The Audubon Park Raceway track record was broken last night under the steady and rhythmic strides of Dale Adam, a four year old pacer, owned by R. C. Parkhurst.

Dale Adam, who has never covered the mile in less than 2:05 in 23 previous starts, roared around the first lap of the Fifth Race, a class pace, in 1:01 under the coxing of driver-owner Parkhurst.

The brown gelding flashed under the wire one minute, two and two-thirds seconds later with the best time of the meeting, clipping one and four-fifths seconds off the old mark, and to prove that his blinding race speed was no flash in the pan, Dale Adam came back in the second half to win the \$2,000 purse in the eighth race, this time dropping a 13 horse field in 2:03 and two-fifths second despite his start in 11th position."

This was the first race where the local horse broke the record twice, but according to the wire received by Parkhurst's son from Kentucky Dale Adam bettered his mark Thursday coming in with a straight 2:03.

Parkhurst is now traveling with the Grand Circuit Harness Racing Association and will appear here in his home town, August 29th in the State Fair Races.

Dale Adam has won 24 other races this year and at the peak of the season is displaying a finer form than ever before. The condition of the track when the record was set was reported as good, but says Parkhurst, "Dale Adam can win on a wet track just as easily."

The last race was also a \$2,000 purse affair and Dale Adam again started 11th this time in a field of 18 horses.

Parkhurst has owned the horse since he was a colt and has wintered and trained him at the racing oval at the Missouri State Fairgrounds.

The plans of the winning duo for the future are to continue with the Grand Circuit and to continue the top performances which have made the horse noted in the sulky racing field.

Parkhurst, who is accompanied in the circuit by his wife, is the former sexton of the Crown Hill cemetery.

Country Club Quarterfinals Matches Today

Quarterfinals matches in the Sedalia Country Club golf championship will be played today with Charles Patterson, 1954 titlist, vying for a semifinals berth and defense of his crown. The matches are for 18 holes.

Following are the first round survivors and their pairings for today: Patterson, who defeated Jud Grayston 2-1, vs. Bernard Stanfield, who eliminated Ken Klein 9-7; Lloyd Parker, who won over Lt. Preston Moore 1 up, vs. Laddie Keens, who won by forfeit over Victor Scott; Herb Studer, who ousted Dick Gorrell 6-4, vs. Capt. John Herbst, who beat Maurice Griffin 2 up; and Damon Hieronymus, winner over Ted Maloney 1 up, vs. Lt. Joel Lucke, who edged John Van Dyne 1 up. Studer, former Mayor of Sedalia, was the 1953 champion.

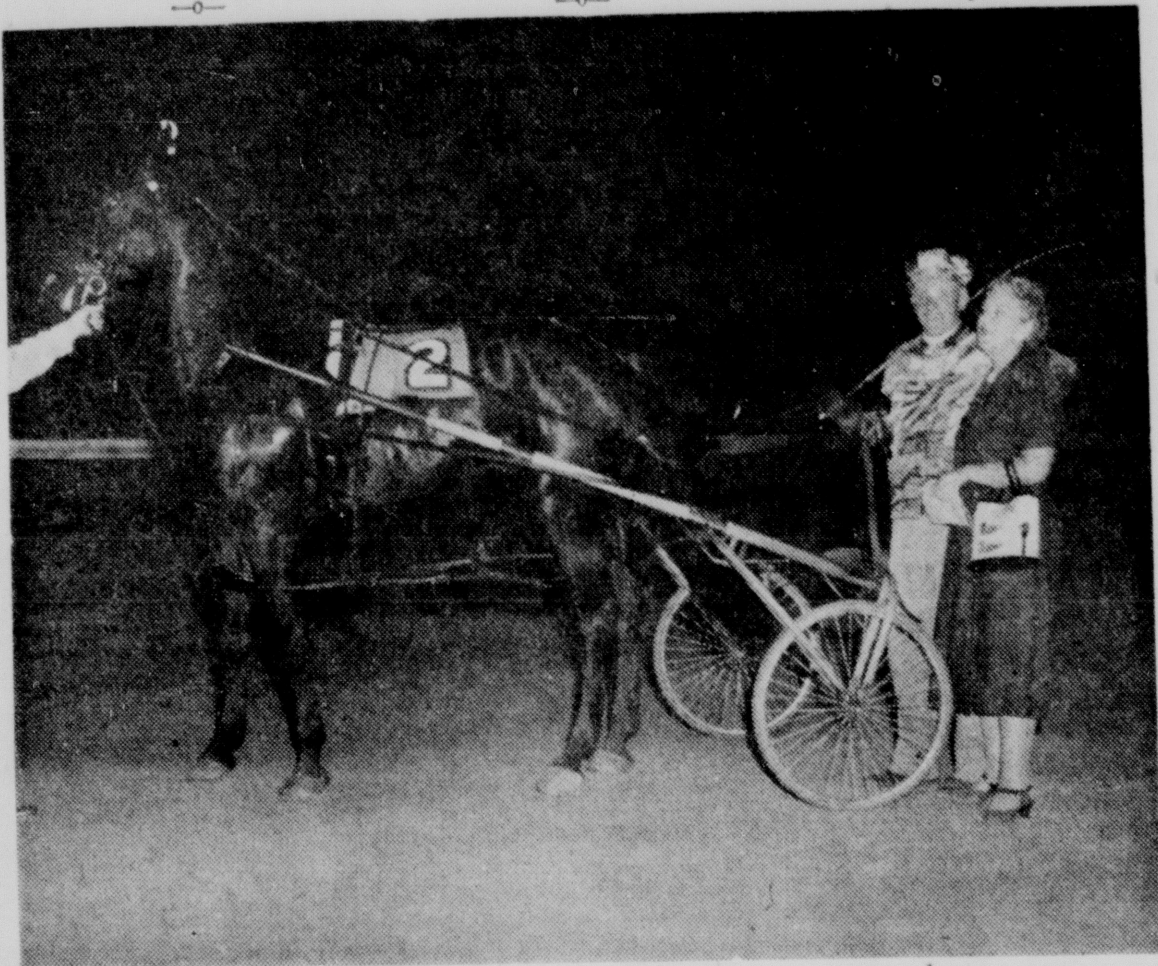

One match was played Saturday in the Class A quarterfinals as Forrest Benner closed out C. C. Delozier 2-1. Matches scheduled for today are: Vaughn Cornish vs. Gentry Patterson; Bill Gibson vs. Cecil Owen; and Carl Oswald vs. Jack Knist.

Farmer Dies Entering Yank-Athletic Game

KANSAS CITY, July 23—Carl C. Ross, 74-year-old Weston, Mo., tobacco farmer and livestock man, collapsed and died today as he was entering Municipal Stadium for the game between the Yankees and the Athletics.

Relatives said he was here to see his first game of the season. More than 25,000 fans sat in 96-degree temperatures to watch the second game of the four-game series.

During the early part of the game several fans required first aid treatment for heat exhaustion.

DALE ADAM PACES RECORD—R. C. Parkhurst and his wife accept the \$2,000 purse and the congratulations of racing officials after their four year old pacer, Dale Adam, scrambled under the wire in 2:03 to set the Audubon Park Raceway record. Parkhurst, a local man is following the Grand Circuit Harness Racing Association this season and will appear at the Missouri State Fair.

Cpl. James L. Dent, son of Mr. and Mrs. Leroy Dent, 152 Autumn Ave., completed a full record of football with the U.S. Marines and this Spring went into action on the cinder path. Dent was a member of the 3rd Marines track team and took part in the low hurdles and pole vault.

Also among the members of the team is Lieut. Charles Stevenson, who was named as the All-Marine Sports Star of 1954.

His Regiment was the winner of the 3rd Marine Division Champion-

ship at the Division track meet held in Japan on July 8, 9, and 10th. In his letter to his parents he told of the Division Commander, a two-star general presiding over the meet.

He gave a descriptive picture of the affairs which opened with the General reviewing all the athlete's as they paraded around the field, then stood at attention while the band played the National Anthem, the flags being raised on the far side of the stadium, then a short and inspiring talk by the General.

On the arrival of the team back to the group and more than 2,000 Marines were on hand to greet group.

Dent placed second in pole vault to Lt. Stevenson, and won the distinction of being third point man in the meet. Placed second in high jump, third in the 220 low hurdles, fourth in the 120 high hurdles.

The team recently defeated the Nihon University Thunders in a meet at Camp Fuji, Japan.

Cpl. Dent in a letter to his parents recently stated he would be back home the latter part of September. While a member of the athletic teams, Dent has been assigned to Special Services and is now a life guard at the camp swimming pool, which he will continue until time for his rotation back to the United States.

Conservation Idea Brings Moves To Establish A Federation

By D. Kelly Scruton
Democrat Sports Editor

A movement has been started to reactivate the old Pettis County Conservation Federation Chapter of Missouri. The Pettis County Chapter a few years back was active and did much in conservation for this area, but in the past few years the organization just faded away.

One morning about ten days ago a group of sportsmen were sitting around the "coke" table, the usual every day procedure discussing the topics of the day and such. A new one came out of the sky like a bolt of lightning, "what's happened to the Conservation Club?", one person asked, and it really started a warmed up discussion. But nobody could come up with the answer as to why it died out, or rather gave any definite answer.

The following morning and the next, and the next the subject got along so far it was decided to try and get the Chapter back into action.

"We need it and there's no reason why Pettis County should be lagging back," one member said. This led to calling Ed Stegner, Executive Secretary of the State Federation, at Jefferson City, for some advice. Stegner made a short visit to Sedalia and called on a few of the "old timers" and from there the work was started.

Temporary officers were chosen to spearhead the program, prepare for contacting other Pettis County Sportsmen and see if they are interested. It has been fully decided upon to hold a mass meeting of all farmers, sportsmen young and old, bird and wild life lovers and so forth to form a permanent organization. The date has been set for Tuesday night August 16, the place to be announced later.

Richard D. Dean was chosen as temporary president; Porter Robb, temporary vice-president; Keith "Duke" Steivers, acting secretary-treasurer; P. J. Hedrick, assistant secretary in charge of membership.

To make the first meeting more interesting that just a get together to organize the Chapter again, Stegner announced he would bring to Sedalia a quail picture, the latest to be made on the life of quail. It has already gained national prominence in Conservation circles.

The picture is sound and in color. Pettis County is in a serious need of this organization at the present time to have the sportsmen to band together in behalf of wild life in this area. The ever increasing numbers of sportsmen, hunters fishermen, and so on makes it a "must" to hold a Conservation Federation Chapter in this county.

Earl Mossi, Cleveland relief pitcher, allowed only one earned run this season in his first 27 innings covering 16 games.

Gordon Frazer Jr. Wins Large Purses In Eastern Racing

Sulky racing has come to the front in the Sedalia Sports scene just recently with the report of local horse breaking records and local drivers making top runs in the big circuits.

One adopted native son has also been receiving notice as one of the top drivers in the sport as witnessed through an article released in the Solon, Ohio, Solon News recently.

The article told of the racing prowess of Gordon Frazer Jr., who with his father have made Sedalia their home since 1948 and have spent the summers off in the eastern circuits of harness racing.

Frazer a former Canadian has used the State Fair Racing oval as his training grounds and winter home for the past eight years and is well known to local horse-men.

The article in the Solon News was as follows:

"Driving harness horses comes naturally to 28 year old Gordon Frazer Jr. The good-looking native of Pilot Mound, Manitoba, Canada, grew up around them.

His dad, Gordon Frazer Sr., who also is at Grandview (a large oval near Solon, where the two had taken their horses in a racing event) for the current meeting, with the first to breed, raise, and train trotters to cover the mile in less than 2:10.

Young Frazer, who served in the Royal Canadian Army Corps, during the war, now calls Sedalia, Mo., his home.

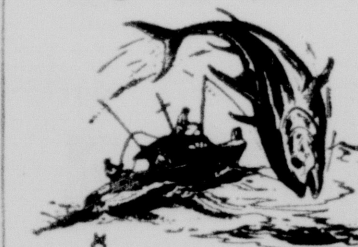

He won his first race when he was 15 years old on Moose Jaw, Sask., and that still remains as his greatest thrill.

Last year he won \$18,782 finishing first 26 times and second 31 occasions."

Frazer and his father winter a string of eleven fine bred trotter and pacers here at the Fairgrounds, where they live in their trailer home.

The plans for the two do not include definite dates close to home, but they will continue to follow big circuits in Ohio, Illinois, Massachusetts and other eastern states.

Fishing Column--

Judging from reports of fishermen and float trip operators the trout fishing on White River in Barry, Taney and Stone Counties during the past ten days was better than at any period so far this season. Artificial baits, minnows and worms, all have been effective. Considerably more rainbows have been taken than German Browns, as more of the former species have been stocked in the stream.

Several nice catches of small mouth bass have been made on the Bryant rivers, north of Tecumseh. Most of the anglers who caught the fish float, fished two or three days.

Fishing has improved greatly in the neighboring Lake of the Ozarks area. Many of the old standby crappie have been taken in at the Gravois arm of the Lake of the Ozarks and "lots" (c) of channel cat were caught the past week.

Only a few white bass were taken, but the Jacks are beginning to bite again and are being taken in the deep waters while trolling. Several strings of Jacks have been decorated with four and five pounds.

The night fishing was reported very good and the expectation for the weekend was very optimistic. The water was also reported in good shape.

Fishing was not as good on the Osage near Warsaw, but one catch of a 58 pound flathead was reported caught Friday morning. The fish was taken in on a piece of cut bait from a spoonbill.

The water was not in especially good condition and the weekend fishing was expected to be about the same as through the past three weeks.

Sports Scraps

(By D. Kelly Scruton)

THE time is drawing near when the Sportswriters on Missouri's daily newspapers will be electing the seventh member of the Missouri Sports Hall of Fame, whose name, picture and memoirs will be placed at the Missouri State Fair Grounds for display. These men who watch the sporting events over the years will choose their 1955 representative the first part of August.

One of 28 candidates is to be elevated to the Hall of Fame. And now the question comes as to who will it be? Among this list is a former Sedalian, Herman J. Fischer Jr., who achieved the spot light in high school sports here in Sedalia but went ahead to achieve more honors in basketball with amateur teams at Kansas City.

"H." as he was better known, lettered in basketball, football and track in 1926; repeated in 1927 in basketball and football; in 1928 he was Capt. of the Basketball team, lettered in that, football and track again. He then journeyed to Maryville State College where he lettered in basketball and made the MIAA Conference All-Stars.

While in high school and playing with the Smith-Cotton high school he was presented the State Letter "M" for his athletic achievements.

His sportsmanship and his school activities resulted in his being elected President of the Junior Class in 1926-27, and 1927-28 he was the Student Council President. A member of the "S" Club, and ranked 27th out of a graduating class of 193.

"H" was a member of three MIAA championship teams and made all conference twice.

In football he made all-conference team three times while drawing four letters for his achievements.

With all these honors Fischer was not satisfied, he went on with his sports until he had won All-American honors from 1935 through 1938, being on the first team in 1935 and 1938 and on the second squad in 1936 and 1937.

While at college "H" worked under H. P. "Hank" Iba, who he regarded as "the best athletic coach in the business."

Actually his acclaim in the field of sports endeavor was basketball, but his sportsmanship through the years rubbed off on many other athletes for his leadership, not only in high school, but in college, and his venture in amateur basketball in Kansas City.

We lost track of "H" in recent years and only the past week did we learn that during the recent World War II he served his country as a lieutenant in the United States Navy. Returning to Kansas City, he has become Treasurer of the Robbins Veneer Co., in Kansas City, working his way up in the organization to treasurer. He was elected to this position in April.

He is the son of Mrs. Mary

Fischer and the late Herman J. Fischer Sr. and is now married. "H" said his present endeavors in the field of sports were confined to golf in which he hopes to match par in a few years and an occasional swim.

ALTHOUGH Herman J. "H" Fischer was nominated to the list of candidates of the Hall of fame, it off times takes a year or two to get the necessary votes to put the candidate over. This year a campaign is being stressed for Vernon Kennedy also of Kansas City, who made fame in college sports and professional baseball.

Kennedy, like "H", is well known here having played semi-pro ball on the local diamond, and visited with ball players here numerous times before moving to the top in the sport.

The Central Missouri State College last year dedicated the football stadium at Warrensburg to Vernon Kennedy and is now known as Kennedy's Stadium.

The list of candidates is steadily growing and at present the 28 nominees include the tops of men and women who claimed fame in one sport or another.

It was in the summer of 1951 that the Hall of Fame was originated by Carl McIntire, then publicity director of the fair and later news editor of the Sedalia Democrat. The first to receive the honor was Carl Hubbell; then in 1952 Phog Allen and Casey Stengel were elected; 1953 saw Don Faurot and Bill Connor placed among the States' honored; and last year Cal Hubbard was chosen by the writers.

THE little glass case in the Administration Building is gradually growing too small to house the members of the Hall of Fame and their Memoirs, and time has arrived whereby a change in location must be made. It has been suggested a building appropriate be built on the grounds, something that will be a symbol to the great in sports of Missouri.

Several suggestions have been made, several ideas have been discussed, but as yet the final, or rather the solid touch of a start has not come. This must be taken up soon.

It is a great project for the Sportswriters Association of Missouri to take up and carry on. They meet in December and, this is a subject well worth being discussed by that group.

Chiefs Hold Fast As Bombers Rally Beating Columbia

The standings in the Central Missouri Ban Johnson League have changed several times in the past week as the Banson teams completed the scheduled play, which pitted for the most part the stronger teams against the weaker ones.

The matching of the teams was not purposely fixed in this manner as the schedule is made up long before the teams ever start the season of play, but as the games in the second half have been played off the top teams have been fielded with the remaining clubs during the past week.

Out of this peculiar matching came two upsets as Boonville bowed to Mexico 7-5 and first place Columbia dropped into second with a 9-3 loss to Brookfield. Other games went to the favorites.

Today the Chiefs will play Marshall, who is in last position with Mexico. The Chiefs will be fighting to hold their own as Brookfield, with whom they were tied went ahead to tie for third place with Bonville by virtue of the win over Columbia.

The Chiefs will take the field at 8 p.m.

Standings in the league are as follows:

	W	L	Pct.
Jefferson City	2	0	.1000
Columbia	3	1	.7500
Brookfield	2	1	.6666
Boonville	2	2	.5000
Sedalia	2	2	.5000
Moberly	1	3	.2500
Mexico	1	3	.2500
Marshall	0	2	.0000

Blues Bag The Moose Friday At Housel 9-5

The Moose club failed to make good on two rallies as they handed a 9-5 victory to the Adco Blues Friday night at the 16th and Center softball diamond.

The Blues took nine hits in scoring their nine runs while the Moose had seven hits for their five runs.

The batting honors were taken for the Blues by Sterling with two for three. Moose honors went to Ray who homered in the fourth with two men on for three runs.

The Blues grabbed the lead in the second inning, scored two more in the third and then went on to win the game, never in real danger.

The Moose rallied in the fourth and again in the seventh, but were not able to make the necessary runs.

The two clubs have rescheduled a game for 8 p.m. Monday at the 16th and Center diamond.

Rayburn was the winning pitcher and Ray the loser.

Eddie Price, playing for the New York Giants in '51, set a National Football league ball carrying record with 271 carries. He averaged 3.6 yards per carry.

Southpaw Lino Donoso, now with Pittsburgh, had a 19-8 record with Hollywood in 1954 and was named rookie of the year in the Pacific Coast League.

Former Resident H. J. Fischer Nominated To 'Hall of Fame'

Herman J. Fischer, a former Sedalian now residing in Kansas City, received his first nomination to the Missouri Sports Hall of Fame. Fischer, one of the 28 men honored with a nomination was an all around athlete who won many awards in track, basketball and football. His big interest was in basketball, in which he starred while attending Smith-Cotton High School, where he graduated in the third graduating class in 1928.

Fischer was born in Sedalia on July 7, 1910, and attended the

H. J. Fischer

Broadway grade school. He attended Smith-Cotton, where he was president of the student council for one term and class president his junior year and belonged to many of the school clubs.

His father H. J. Fischer operated a garage located on South Kentucky.

A lengthy resume of his sports career can be found in today's edition of Sports Scraps.

Along with Fischer, those nominated for the award were:

Henry Armstrong, St. Louis, for boxing; Walter (Babe) Adams, Mt. Moriah, baseball; Volney Ashford, Marshall, coach; Yogi Berra, St. Louis, baseball; Cloyd Boyer, Alba, baseball; Paul Chrisman of Maplewood, football; Morton Cooper, Atherton, baseball; Walker Cooper, Atherton, baseball; Lou Fette, Alma, baseball; Joe Garagiola, St. Louis, baseball; Duke Gibson, St. Joseph, golf; Clark Griffith, Nevada, baseball; Charlie Grimm, St. Louis, baseball; Lela Hall (Mrs. David Frank), East Lynne, trap shooting; Brutus Hamilton, Peculiar, track; Walter Holke, St. Louis, baseball; Hank Iba, Easton, coach; Vernon Kennedy, Kansas City, baseball; C. E. McBride, Marshall, sports writer; Mickey Owen, Springfield, baseball; Muddy Ruel, St. Louis, baseball; Bob Simpson, Bosworth, coach; Dick Sisler, St. Louis, baseball; Horton Smith of Springfield, golf; Helen Stephens, Fulton, track and Zach Wheat of Hamilton, baseball.

Little LEAGUERS

The Minor League season of the Little League drew to a close Friday night at Little League Stadium in Liberty Park as the Minor All-Stars upheld the All-Star tradition with a 16-11 victor over the Adco club, pennant winners in the league.

Zimmerscheid was the winning pitcher while Siron was tabbed for a loss.

The All-Stars gathered their 16 runs off 12 hits and had two errors. The Adcos took their 11 runs off 12 hits and were credited with four errors.

Bolt Leads Other 7 Survivors Into PGA Quarterfinals

Most Favorites Weather 3rd Round Matches Scoring Lopsided Wins; Jack Fleck, Furgol Are Humbled

DETROIT, July 23.—Tommy Bolt, the hatchet man of the PGA tournament, wrenched off another champion's scalp and hung it on his belt today when he eliminated National Open champion Jack Fleck, 3 and 1 in the third round of the 37th championship.

Bolt, who figured he had it made when he knocked out three-time winner Sammy Snead yesterday, remained unshaken and superbly confident when he started badly and found himself two down after 14 holes of the 36-hole match. He cut loose a string of birdies on the finishing holes to end the first round all square, matched Fleck stroke for stroke and putt for putt on the first ten holes of the afternoon round; then spurred ahead to win on the 35th green.

Bolt's superb performance in a tense match that drew a large part of a gallery of 8,000 at the Meadowbrook club, took the edge off Doug Ford's near-record feat of crushing Wally Ulrich, 12 and 10, and lopsided victories by Fred

Here's why Record-Breaking Thousands Name Pontiac "America's Greatest Buy"!

It takes only one word to explain why today's Pontiac is the most popular Pontiac ever built. That word is VALUE. Buyers from both ends of the price scale are finding that Pontiac provides just about everything any car at any price can offer. It's a matter of fact, not opinion, that Pontiac is the biggest, most powerful car anywhere near its modest price!

For size, Pontiac reaches high into the fine-car price range—and comes up with a long 122" or 124" wheelbase. This is size where it counts, because nothing beats

Merrins, Robbins Vie For Western Amateur Crown

ROCKFORD, Ill., July 23.—Eddie Merrins dropped a 25-foot birdie putt on the 36th hole to beat Don Bisplinghoff 1 up today and move into the finals of the Western Amateur golf tournament against Hillman Robbins.

The 36-hole zindip in the week long meet is an all-southern finale. Merrins, 22, is the recent Colonial Invitation champion from Meridian, Miss. Robbins is the 1954 intercollegiate king from Memphis State.

In three previous match-play tournaments, Robbins has closed out Merrins. He did it 3-2 in 1953 at the Colonial, 2-1 in the 1954 Northwood at Meridian and 4-3 this year at the Northwood.

Pairings Made In Women's Golf Championship

Sedalia Country Club's women golfers concluded their qualifying rounds the past week and pairings were made for the women's championship.

The first match was played Saturday morning with Mrs. Gene Helman defeating Mrs. Fred Hulse 4-3 for 18 holes. Other matches to be played in the next week in the championship bracket are: Defending champion, Mrs. J. W. Maunders, vs. Mrs. T. J. Hopkins; Mrs. Lloyd Parker vs. Mrs. Jack Feig; and Mrs. Frank Hayes vs. Mrs. Marge Garannson.

First round pairings in "A" bracket are:
Mrs. Porter Robb vs. Mrs. Russell Peck; Mrs. Don Anderson who draws a "bye"; Mrs. Charles Bryant vs. Mrs. K. L. Holdren; Mrs. William Brown who drew a "bye"; Mrs. George Lockett vs. Mrs. Neil Chapman; Mrs. R. A. Enochs with a "bye"; Mrs. Jeanie Johnson vs. Mrs. Richard Sklar; and Mrs. Jerry Hayes vs. Mrs. C. C. Delozier.

Predicts Fast Death of Bill On Highways

WASHINGTON, July 23.—Rep. Steed (D-Okla.) said today the big road - building plan with Democratic - sponsored tax boosts will meet "the most sudden death you ever saw" if it comes to a House vote.

And Rep. Russell V. Mack (R-Wash.) predicted 50 House Democrats would use their seats in the 1956 election because of "the exorbitantly high and unfair punitive taxes they put into their highway bill."

Steed and Mack are senior members of the House Public Works Committee which approved Wednesday a 48½-billion - dollar road construction bill with \$12,423,000,000 in added automotive taxes over the next 16 years to help pay the cost.

House leaders are pushing for passage of a road bill this session—Speaker Rayburn (Tex.) for the bill with taxes, Republican Leader Martin (Mass.) for a taxless substitute with financing through long-term bonds as proposed by President Eisenhower. But legislators have been deluged with mail since the committee action.

The Oklahoma Democrat said the only hope of getting a highway bill enacted this year is a "compromise" tax plan he is

drawing up with the help of the trucking industry.
Steed conceded it's uncertain whether he will get a chance to submit his plan for a House vote. Under procedures being considered by House leaders, the only floor amendment that could be offered to the committee bill's tax section would be the Republican bond financing substitute.
There are 16 bonus players in the American League with five of them on Detroit's young team. Cleveland has no bonus players.

President Interrupts Conference to Mourn Cordell Hull Death

GENEVA — President Eisenhower interrupted the Big Four summit conference Saturday to issue a statement mourning the death of former Secretary of State Cordell Hull.

The President said: "His life was honored and his death is mourned by millions of men at home and in the far places of the earth by reason of his integrity of purpose, his high sense of obligation and his long and fruitful labors in the cause of peace."

The news of Hull's death in Washington earlier today reached the President during his deliberations with the British, French and Soviet heads of government.

He immediately sent orders to Washington that flags on all government buildings there and on all U.S. embassies, legations and consulates abroad should be lowered to half staff.

Mr. and Mrs. Ralph Cook left for Kansas last week to visit relatives.

Mr. and Mrs. Walter Wade and family, who recently sold their farm have purchased the home now occupied by Mr. and Mrs. Corder Bray and Mr. and Mrs. George Reed.

Preparations for the oiling of the streets are now underway. The side ditches have been dug out and the holes in the streets are being filled.

The son born recently to Mr. and Mrs. Lester Harms has been named James Lester. They have two other children.

Mrs. Adel Viets left Friday for San Diego, Calif., to be with her sister, Mrs. Louis Solomon, who is ill.

Mr. and Mrs. Harold Meyer and Mr. and Mrs. James Meyer spent several days at the Lake of the Ozarks.

Mrs. Earl Denny, Richmond, spent last week with Mrs. Clarence Ray.

An opportunity to learn the work of the WSCS was given to the officers and members of the local society when they met at the church last week. A fried chicken supper, prepared by Mrs. J. H. Harms, Mrs. George Bray and Mrs. J. H. Hale preceded the officers' training session. Mrs. Glen Adams, vice president of the south-west Missouri conference and Mrs. Russell Porting, president of the Marshall district, conducted the meeting and discussed the duties of the officers in relation to that of the entire women's division of the Methodist Church.

The Evening Circle of the Christian Church entertained the Day Circle at the church Thursday with a covered dish supper. Approximately 50 persons were present. Mrs. Mary Dickerson, Mrs. Viola Parkhurst and Mrs. Laura Weddle were hostesses and Harold Berry showed a film on Mexico.

Killed in Clashes

ALGIERS, Algeria — Seven Algerians have been killed in scattered assassinations and a clash between troops and a rebel band within the last 48 hours, official reports reaching here today said.

In the mountains behind Philippeville, security troops used helicopters to flush one rebel band. They killed one guerrilla and captured seven.

China Hails New Plan

TAIPEI, Formosa — Chinese Nationalist newspapers hailed President Eisenhower's sweeping disarmament plan, but predicted nothing would come of it because, in their opinion, Soviet Russia would not agree.

The official Central Daily News said if Moscow turned thumbs down, Eisenhower should forget about disarmament altogether.

The President's proposals, it said should demonstrate to the world the sincerity of America's desire for peace.

W. E. Zink Sr. Celebrating 50 Years Of Service

W. E. Zink Sr. of Knob Noster celebrated his 50 years of service to Knob Noster and vicinity Tuesday evening, July 19. On July 19, 1905 he purchased the livery stable at Knob Noster from the Elliott estate and after the war, in 1918, the stable was changed to a garage. Cecil Elwell and Charles Campbell were the first mechanics. Mr. Zink purchased one of the first four Model-T trucks brought to Johnson County. In 1928 eight trucks were being operated by Mr. Zink and sons. The business was known as the Zink Truck Line. Mr. Zink furnished the mule power on the contracting of jobs to build Highway 50 through Knob Noster and supplied the rural carriers with mules when needed, during the horse and buggy days. During the seasons of drought he has hauled water to the surrounding farmers of Knob Noster for live stock and home use.

A contributive family dinner was given in his honor at his home Tuesday night. A replica of the livery stable was the centerpiece of the table.

Attending were his eight children and their families: Mr. and Mrs. Wadell Zink, Mr. and Mrs. W. E. Zink Jr. and Elsie Mae, Mr. and Mrs. Richard Zink and Teresa, Mr. and Mrs. James Zink and Mr. and Mrs. Robert Tyler, Knob Noster, Mr. and Mrs. Dean Shusher and Ginny Lou, Independence, Mr. and Mrs. Wilber Allen and Joye, Windsor, Mr. and Mrs. Don Zink, Jesse, Anna Lou, Mary Sue and Donnie and Mr. and Mrs. Neal Zink, Leeton, Mrs. Marian Hughes, Ida and Ella, Mr. and Mrs. Gillum Hughes, LaMonte, Mr. and Mrs. Cecil Elwell, Wilella and Margaret, Mr. and Mrs. Harold Zink Elwell, Daric and Dand and Mr. and Mrs. Robert Weiwell, Warrensburg, Rev. and Mrs. Dale Allen and Becky and Craig Elwell, Concordia.

Abe Silverman Wins National Recognition

The New England Mutual Life Insurance Company of Boston announces that Abe Silverman, Sedalia, has earned the National Quality Award for 1935. Announcements of the national honor in which is a picture of Silverman have been sent out by the company.

This is one of the highest honors which the life insurance fraternity can bestow. There are numerous awards which testify to an underwriter's technical knowledge and there are others which attest to his financial success, but the National Quality Award sets a man apart as an underwriter who has dedicated himself and his work to service to policyholders. The above statement was signed by L. M. Huppeler, vice-president.

This is the seventh year that Silverman, who is district supervisor of the New England Mutual Life Insurance Company here, has qualified. His business address is at 415 South Lamine, and his home is at 1101 South New England. He has a wife, Jeanie, and three daughters. His mother is Mrs. Jacob Silverman of this city.

Abe grew up in Sedalia and after completing his education returned here to go into business. He has been active in civic affairs since that time having received many honors from his fellow citizens, for he has served his com-

First Negro Faculty Member to Princeton

PRINCETON, N. J. — Princeton University has appointed the first Negro to its faculty.

The university announced Friday that Dr. Charles T. Davis, an authority on the poet Walt Whitman, will take up his duties as an assistant professor of English next September when Princeton's 210th year begins.

The 39-year-old scholar presently is a member of the faculty of New York University.

Okay Additional Fund

WASHINGTON — President Eisenhower has authorized \$200,000 additional federal funds for tornado disaster relief in Kansas.

Eisenhower previously had authorized \$125,000.

The White House said the president, at the Geneva conference, signed a letter to Federal Civil Defense Administrator Val Peterson releasing the extra funds.

Community in the same way he has served his company. He was the first man to receive the "Outstanding Young Man" award given by the Sedalia Jaycees and several years ago he served as president of the Sedalia Chamber of Commerce. He has been active in Boy Scout work, as well as various other organizations in the community and is always ready to do anything for the betterment of the town in which he lives.

Couple Overcome Two Men Abductors After 100-Mile Car Ride

TOLEDO, Iowa — An Illinois couple, abducted and taken for a 100-mile ride in their own car by two bandits—one of them armed—overcame the pair in a wild fight near here early today. One of the abductors was critically wounded in the abdomen.

Sheriff Russell Kern said the bandits were subdued after Eugene Tomaszewski, 29, Princeton, Ill., clubbed one of them over the head with a pop bottle while his wife Shirley, 28, clobbered the other with a portable radio.

Kern identified the pair as Ogden Danner, 29, Chicago, Ill., and Edward Lee Campbell, 24, Natural Bridge Station, Va.

Danner was shot in the abdomen with his own .22 caliber target pistol during the struggle which began after Tomaszewski "beamed" him. His condition was described as critical at a hospital in nearby Marshalltown.

Campbell was being held in the Tama County jail here. County Attorney Walter J. Willett said he was considering charges of kidnapping, armed robbery and auto theft.

The Tomaszewskis said they were enroute to Minnesota for a vacation. They said they had pulled off Highway 30 near Clarence in eastern Iowa to nap and were awakened about midnight by the two men.

Tomaszewski told Kern the men, at gunpoint, forced them into the back seat and then started west with Campbell driving. Campbell

Calhoun Opens Bids For Water Projects

The Calhoun city officials opened the sealed bids Monday night which had been entered for the construction of a deep well turbine pump, pressure storage tank, connections and water distribution system for the town.

The Patrick drilling company of Joplin was the low bidder on drilling the 775 foot well and furnishing and placing the turbine pump and pressure storage tank. The bid price was \$924.07.

The bidder for constructing the way to nap, they said, and during one of the stops Tomaszewski said he persuaded Danner to give him a bottle of pop from the car trunk.

Kroencke's Concert Band Holds Memories for Sedalians

Was Organized in 1900, Named Sedalia Band; Name and Roster Has Changed, But Not Its Role

Almost everyone has a spot reserved in his heart for something which has a sentimental value to him. This seems true, whether the thing is of the past, present or future. In Sedalia one organization stands out in that light, holding sentimental value to both old and young—Kroencke's Concert Band, an organization which has been active for the past 55 years. There is hardly a Sedalian who does not have some memory of going to hear the band play at one time or another. Furthermore, there is nearly always some happy memory connected with it.

Kroencke's Band was originally known as the Sedalia Band and kept that name for ten years, up to the approximate date of 1910. The "fad" for military bands was just sweeping the country at that time, so the name was changed to the Sedalia Military Band. After that, Kroencke's Concert Band was incorporated as the name and the band has gone under that title to this day.

One thing in the band has not changed. This, of course, is the director, Henry Kroencke. From the day that the band blew its first note to today, Kroencke has stayed at the masthead, leading it through virtually thousands of concerts and appearances.

Last fall Kroencke was forced to undergo medical treatment and decided in the early spring that he would not attempt to assume directorship of the organization at the first part of this summer. Therefore, he appointed Lloyd Knox, who has been in the band a number of years, to substitute for him. Knox has done a fine substitute job with the band this summer, but it appears that his role will be limited to this year.

Kroencke, who will be 90 years old next winter, has regained full strength once more, and his enthusiasm for the band has not dropped. He works every day through the summer at his occupation of used car salesman, and he takes the heat better than many members of the younger set.

In an interview with Kroencke, he was asked if he could name any member of the band who had played with it constantly through the 55 years of its existence. Unfortunately, he could not but stated that there are many members who have been with the band for a good number of years.

Few people throughout this area remember the band for its musical excellence. It was not organized for that. However, the band was organized with the intent of providing for all listeners, and this it does. Marches seem to always have been its specialty, and during the band's weekly concerts this summer at Liberty Park the audience continually gives its largest ovation to the march selections.

The band ranks are enrolled from numerous men throughout the Sedalia area, and there is hardly a neighboring town that has not been able to boast a member in the organization at one time or another.

Since 1940 the American Federation of Musicians, under the head of James C. Petrillo, and the Sedalia Park Board have combined forces to share the nominal expense of the band members for their weekly concerts. Both organizations feel that their money has been well spent in providing enjoyment for the listeners, and indications show that they will keep up their current practice of financing this function.

Each week young and old alike come to the park to hear the band. This is a tradition with many—a happy tradition which will probably remain for many years to come.

IRONING OUT THE TOUGH SPOTS—at a Monday night rehearsal comprises the mass of the pictures above. Henry Kroencke is shown in the center at his desk, making plans for taking over directorship of the band once more next year. The other pictures run from left to right. Dick Eckhoff, a newcomer to the band, is shown playing the big bass horn. Harry Boatman is next to him, blowing steadily on his alto horn. The temporary director, Lloyd Knox, gives the downbeat during the rehearsal. In the second row, Howard Brown, a long time member of the band, beats contentedly on the bass drum with his right hand while caring for his favorite cigar in his left. To the right of Kroencke we find Kenneth Buhlig taking care of the trumpet parts while his associates take a "breather." Vernard Cole, snare drum player, raps happily on the skins in the third column, while a picture of the band in concert Thursday night is located in the center. At lower right Chester Edding, solo trumpet player, works out the intricate parts of a trumpet solo. (Staff photos.)

Hal Boyle's Column--
Sure, Bawl Out Your Boss,
But What About HIS Heart?

By HAL BOYLE

NEW YORK (AP)—Should a man ever bawl out his boss?

The ordinary principles of human safety would be against it. But now a doctor comes along and implies that blowing your top is a necessary safety valve—and the general idea is that if a guy gets all geared up about life he can explode against the boss.

This may save the guy himself from a heart attack, bolster his pride a bit, and perhaps expose him to death by hunger. But what about the boss? What happens to him? How about his heart?

The average office today often has several hundred employees, but only one boss.

You can see what would happen if all these people, getting knotted up with their own personal problems, went in and individually barked at the boss on the grounds it would save them from a heart attack.

Since even the most serious boss doesn't usually spend more than nine hours daily at his desk, there simply wouldn't be time for everybody to get his barking done.

But a hired hand, hit by sudden indigestion or woe, isn't going to worry about office hours. He will pursue the harried employer during his luncheon hour or follow him into the homeward-bound bus or suburban train to make his point.

"Look, boss," he says, "I know this probably isn't the right place to bring up this situation. I hate to tell you what's wrong about the way you're running the outfit. But I have to—to protect my own health. You understand, don't you?"

Naturally any boss, bound by the principles of noblesse oblige (Editor's Note: This is an old French expression for the Taft-Hartley act) at least has to lend an ear to the complaint.

The problem here is that while the hired hand is saving himself from a heart attack the boss is building up steam.

Who is going to keep him from a heart attack? So far as I know

no doctor has come out and said that the way for a boss to avoid a coronary thrombosis is to jump up and down and shout "Idiot!" at his employees. Employers don't do these things any more.

One suggestion: Have a morning "shouting hour." As soon as everybody was assembled, the employees could prevent a heart attack by yelling at the boss what they thought of him. He would listen thoughtfully, then escape a coronary seizure himself by bellowing himself blue in the face at all the butter-fingered bobbies of his fumbling staff.

Then the boss and the bossed would shake hands and hale and hearty, all tensions removed, each cheerfully misunderstanding each other, everyone sure he was still right—they would charge together the problems of a new day. And the blood pressure would be mutual.

Birds Come Back

KEY WEST, Fla. (AP)—Like the swallows at Capistrano, but with less romance the sooty terns always come back to Bush Key.

An estimated 71,000 of the ugly black and white sea birds swarm down on the scrubby little island at the western end of the Florida Keys and raise families. With them come a sprinkling of Noddy and Roseate terns to what is believed their northernmost nesting ground.

Bird men believe the sooties stay in the air almost continuously during the six months they are gone from Bush Key.

Joseph C. Moore, bird biologist for the federal government who counts the terns each year, is often attacked by the quarrelsome birds as he goes about his work. One tern, he said, nests in the same spot year after year and for the last three years has pecked him as he came near to take the census.

Mrs. Robert Henry Denker

Miss Elora Schnakenberg Becomes Bride Of Robert H. Denker July 9

Miss Elora Josephine Schnakenberg, daughter of Mr. and Mrs. Hugo Schnakenberg, Cole Camp, and Mr. Robert Henry Denker, son of Mr. and Mrs. Carl Denker, Cole Camp, exchanged marriage vows at 7:30 Saturday evening, July 9, in St. John's Lutheran Church, Cole Camp. The Rev. Walter F. Strickert of Sedalia officiated at the double ring ceremony. The chancel was decorated with palms and five branch candelabras with an arrangement of assorted flowers on the altar. Three branch candelabras entwined with greenery and tied with white satin ribbons, were placed in the center aisle.

Preceding the ceremony an organ prelude of appropriate wedding music and hymns was played by Mrs. Harold L. Skidmore, Sedalia. Mrs. Skidmore wore a light pink formal.

Mrs. Glenn Miesner, soloist, sang "O Perfect Love," "Wedding Song" by Schultz and "The Lord's Prayer." Mrs. Miesner wore a yellow formal.

The bride, given in marriage by her father, wore a gown of white nylon tulle and Chantilly lace over bridal satin. The scalloped edge of lace, applied on the tulle formed a snug midriff. A yoke of lace was cut to a V neckline and rolled out to form a small collar. Long sleeves of lace tapered to a point at the wrist. The full skirt of tulle carried a panel of scalloped lace at center front and back and lengthened into a sweep train. She wore a ripple bra under of lace and finely pleated tulle, outlined with pearls and dotted with iridescent sequins, from it fell her illusion of nylon tulle. She carried a bridal bouquet of stephanotis and white carnations.

Miss Rosella Schnakenberg, sister of the bride, was maid of honor. She wore an orchid nylon net over taffeta formal. The strapless bodice of shirred net was fashioned in a long torso style, and tiny shoulder bolero was worn for the ceremony. The bouffant net skirt was floor-length. She wore a shaped bandeau of moss roses dyed to match her gown and carried a bouquet of nile green carnations.

Miss Betty Denker, sister of the groom, was bridesmaid. She wore a nile green formal fashioned identical to that of the maid of honor with matching bandeau of moss roses and carried a bouquet of orchid carnations.

Mr. Melvin Miller, Kansas City, cousin of the groom, served as best man. Mr. Edgar Schnakenberg, cousin of the bride, was groomsmen and Mr. Marcus O. Harms, Mr. Wilfred Kaiser, Mr. Henry Benson and Mr. Stanley Hoit, ushered.

For her daughter's wedding Mrs. Schnakenberg wore a navy blue dress with white accessories and a corsage of pink carnations. The groom's mother wore a powder blue dress with a pink carnation corsage.

Immediately following the ceremony a reception was held in the

church parlors. A four-tiered wedding cake, topped with a miniature bride and groom centered the bride's table.

Miss Helen Mueller had charge of the guest book.

The bride is a graduate of Cole Camp High School and Central Business College, Sedalia, and has been employed with the District 3, Division of Health in Sedalia for nearly five years.

The groom is a graduate of Missouri University and at present is employed as instructor of vocational Agriculture, California, Mo. Mr. and Mrs. Denker will be at home at California, Mo.

Shower Honors Mrs. R. Denker, A Recent Bride

Miss Elora Schnakenberg now Mrs. Robert Denker, was honored with a miscellaneous bridal shower given by Mrs. Theodore F. Mein and Mrs. Harold L. Skidmore at the home of Mrs. Mein, 1017 West 16th on June 11.

The gifts were placed on the dining room table. The color scheme of pink and white was used. The home was decorated with cut flowers. As the honoree opened her gifts, she was showered with rice from a wedding bell.

Games were played and refreshments were served by Mrs. Mein and Mrs. Skidmore, assisted by Mrs. Theo. A. Mein Jr., to the honoree, Mrs. Hugo Schnakenberg, Mrs. Carl Denker, Mrs. F. C. Harms, Mrs. Ernest Harms, Mrs. Harry Eickhoff, Mrs. Edwin Schnakenberg, Mrs. Glenn Miesner, Mrs. Ervin Borchers, Mrs. Marcus O. Harms, Mrs. Arthur Kaiser, Mrs. F. A. Mueller, Mrs. Paul F. Harms, Mrs. Marvin Harms, Mrs. Luther Harms, Mrs. Roy R. Harms and Misses Rosella Schnakenberg, Betty Denker, Helen Mueller, Ruby Harms and Alice Harms.

Those invited but unable to attend were Misses Nelda Kaiser, LaVeda Kaiser, Mabel Harms and Hulda Schroeder.

The honoree received many nice gifts.

Mrs. Welborn Presents Program at WSCS

The Houstonia Woman's Society of Christian Service met Wednesday afternoon with Mrs. Clinton Lowrey with 17 members and the Rev. W. J. Cox present.

After the business meeting Mrs. L. P. Welborn had charge of the program with the following taking part: Mrs. Jack Morris, Mrs. Earl Gregory and Mrs. Lon Stone. Plans were made for an ice cream supper Aug. 8.

Ridgeway To Observe 50th Wedding Day

Mr. and Mrs. W. T. Ridgeway, 319 East Seventh, will celebrate their 50th wedding anniversary next Sunday, July 31. They will hold open house from 2 until 5 in the afternoon at their home.

Betty Ashford Recently Weds Charles Bishop

Miss Betty Jane Ashford, daughter of Mr. and Mrs. R. M. Ashford, Blackwater, and Charles W. Bishop, son of Mr. and Mrs. Wilbur Bishop, Boonville, were married Thursday evening, July 14, at the home of the bride's parents. The double-ring ceremony was performed by the Rev. N. O. Wetherell, pastor of the Blackwater Church, before a setting of arrangements of garden flowers.

The bride wore a street length dress of white brocaded nylon and a head piece of white carnations and baby breath. Her jewelry was a pearl necklace, and tear-drop earrings. Her corsage was of red roses.

Mrs. Betty Griffith, Boonville, sister of the groom was the bride's only attendant. She wore a pink embroidered nylon dress. Her corsage was of white carnations.

Mr. Robert Frederick Boonville, served as best man. Mrs. Ashford chose a dress of pink dacron print for her daughter's wedding. Mrs. Bishop, mother of the bridegroom, wore a light blue dress.

Following the ceremony a reception was held. The dining table held a four tier wedding cake, topped with a miniature bride and groom, and was flanked with lighted tapers.

For their wedding trip to the Lake of the Ozarks, the bride wore an ice blue dress with white accessories, and a corsage of red roses.

Both bride and groom were graduated by the high school at Boonville with the class of '53. For the past three years the bride has been employed in the Huffman Store, Blackwater, during the summer months and on Saturdays during the school term. The groom is an interior decorator in Boonville. The couple is at home in Boonville.

Only immediate members of the family, and the minister's family attended the wedding.

Make your first fall dress selection a perfect one. First decide if you're buying all new accessories to go with it, or do you want just a dress and perhaps a new hat. Among the early arrivals will be fallies, mostly shown in two-piece outfits. They're wonderful basic outfits for early fall luncheons, club meetings and semi-dress. Next are the mixtures, such as part cotton and wool, or silk and cotton. Some in two-piece, some one. Frequently they are trimmed in velvet. Not much velvet, but just enough to enable you to make your first hat a velvet one. Crepes will be shown early in simple styles that are always just right wherever you wear them. Black will be available and I'm sure for those of you who like black, it will be hard to resist making your first dress a black one. Keep in mind you'll be wearing your early selection while it is still warm, yet be able to wear it later under your coat.

Miss Edna Mae Rathburn and Mr. Ferguson were married August 1, 1905 at Bloomington, Ill. They are the parents of two children, Allan of Chicago and Miss Margaret Ferguson of the home. Mr. Ferguson retired five days ago as tool supervisor for Missouri-Pacific.

Contributive Dinner Served To Homemakers

The Georgetown Homemakers Club met July 20 with Mrs. R. K. Kirschner for a contributive dinner. Mrs. George Curry was assisting hostess.

Mrs. C. E. Wells, vice-president, presided over the meeting. Roll was answered by telling "What Our Family Enjoys Doing Together." Mrs. Charles Matthews gave the financial report. Mrs. Wells asked the members for suggestions on three important community projects and improvements. Mrs. W. L. Alexander gave an interesting lesson on fabrics. There was a magazine exchange.

The next club meeting will be with Mrs. L. O. Campbell, Sept. 21.

For an inexpensive acoustical ceiling tack egg crate flats on that rough ceiling.

To decorate the ceiling run a paint roller over the raised design in an accent color in flat paint.

Egg crate flats could also be used for walls in a small room where expense was an item to be considered and the walls were too rough to paint or paper satisfactorily.

The hostess served refreshments at the close of the meeting. The next meeting will be with Mrs. Murry Wood.

Civic Council Meets At W. Smiley Home

The Houstonia Civic Council met Tuesday night, July 19, with Mr. and Mrs. Wallace Smiley. There were 11 members present. The general discussion was to keep the town free of weeds. The council would like for the citizens to cooperate in trying to improve the town. Reports were given from the different committees.

The hostess served refreshments at the close of the meeting. The next meeting will be with Mrs. Murry Wood.

Soup's On
DES MOINES, Iowa (AP)—A male customer was browsing through a grocery. The company's courtesy campaign was on. A cashier asked if she could help. He wanted to know where the can openers were kept. She showed him, and went to other duties.

He picked up a can opener, went to the soup counter, selected a can, opened it, drank it, put the can opener back, went to the cashier's counter, paid for the soup—and asked the cashier to dispose of the empty can.

New Furniture Choices Must Be Made for Double Purpose

HARMONY REIGNS in the small home where furnishings are compatible. Dining room and living room units shown here were designed by Merton Gershun for that purpose.

By VIVIAN BROWN
AP Newsfeatures Writer

Give your house a break—don't stuff it with massive furnishings until it looks like it is going to burst at the seams.

The smaller home can create a new design for living—a lovely coordinated doll house picture from front door to attic. Some houses—ranch type or split-level—have room dividers that make this all the more important.

Smaller scale furniture, woods, upholstery, draperies and wallpaper that are compatible are absolute requirements to home furnishings harmony in the smaller home. One furniture designer, Merton L. Gershun, believes that not only are these things necessary but that "dual-purpose styling also must be employed to lend flexibility." He explains:

"It's not enough today for a buffet to be just a buffet. It should double as storage unit, if necessary, or have a design related hutch available to make it into a china-cabinet unit. It might even serve as room divider, work surface or desk."

This type of planning permits the interchange of furnishings throughout the home. A Welsh Cupboard can go from living to dining room with ease. A drop-leaf table can travel from foyer to living room to dining room with equal ease. A two-seater sofa may even go into a large bedroom-sitting room at some future date.

Buffet chests have been known to work their way into bedrooms where they are just as serviceable and lovely as bureaus.

When furnishing a small house keep these things in mind to get the most out of your decorating plan.

1. The piece of furniture you buy should fit logically into a larger house, too.
2. Follow the same or compatible color scheme through rooms that open off each other.
3. Buy small scale furniture. Instead of buying a double chest for you and your husband get matching ones. That way they may be used together or in separate rooms in you like at some future date.
4. Coordinate woods, draperies, upholstery, wallpaper and paint.
5. Try to select dual-purpose furniture items.

THE PEARL OF SOLOMON... The fabulous pearl once given by Solomon to the Queen of Sheba is offered to Lana Turner by Edmund Purdom in this scene from "The Prodigal," M-G-M's spectacular CinemaScope drama based on the Biblical Parable of the Prodigal Son. Purdom is seen in the title role, with Miss Turner cast as the siren-temptress, Samarra. This, the most costly picture ever made, and two years in production, opens today at the Uptown Theatre.

John Wayne sees help coming for his stranded crew in this scene from "Island in the Sky," filmed in Warner-Phonic Sound, starting Tuesday for three days at the 50 Drive-In Theatre. The graphic story of the men of a crashed airplane fighting for their lives against the elements is the background of "Island in the Sky."

Spare the rod and spoil the act... Bob Hope molds his seven wild youngsters into a smash vaudeville act in the rollicking "The Seven Little Foys," starting today at the Fox Theatre. The Technicolor, VistaVision film stars Hope in an entirely new kind of role, that of Eddy Foy, vaudeville great and unusual show-business father. He is surrounded by a flock of engaging young people, with Milly Vitale, George Tobias and Angela Clarke in supporting roles.

Johnny Carson Most Likely To Succeed

By BOB THOMAS
HOLLYWOOD — Last year the boy most likely to succeed in TV was George Gobel. This year it appears to be Johnny Carson.

Carson is a slender, good-looking young man with an uptilted nose and a casual comedy manner. When his Thursday night CBS show premiered four weeks ago, most critics compared him to Gobel.

That appears to be his fate. When he arrived for a luncheon chat, the man in the next booth was—George Gobel.

"It was inevitable that I would be compared to George," observed Johnny. "From now on, any comedian who doesn't do a violent kind of comedy will be called 'another Gobel.'"

"It has always been that way. When a new personality comes along, critics need a point of reference. A James Dean is compared to Marlon Brando. A Mamie Van Doren is automatically called another Marilyn Monroe.

"I'm sure when Gobel was first getting started he was called another Herb Shriner."

Carson hooted at the idea that such stars as Gobel are overnight successes. He pointed out that Lonesome George is merely reaching a larger audience with the comedy talent he exhibited for years as a child hillbilly star, Army entertainer and night club comic.

Johnny was another early starter. He was born 29 years ago in Corning, Iowa, which he admits is no place for a comedian to come from. He was one of those life-of-the-party lads who could do funny routines and ventriloquism. But he made it pay off.

"I toured all over the Midwest with shows," he recalled. "Often we would do the show on the back of a truck bed. After you've entertained those audiences, you can face anything."

After a wartime Navy hitch, he worked for radio stations in Nebraska, then decided to tackle Hollywood. His Carson's Cellar was a hit on radio and prompted his current 26-week network deal.

Sweet Wine Loses Out

PARIS, France — Champagne manufacturers say people don't seem to like sweet champagne any more. The more sugar syrup you add to champagne the easier it is to cover the natural acidity of the wine. Really dry champagne has to be better than the sweeter stuff.

Why the change in taste has come is not clear. Experts say it is true of all wines.

Before World War I, there was a market for champagne with as much as 15 per cent sugar syrup. Now it's rare for the French to export anything sweeter than 10 per cent.

The British and Americans have always preferred their champagne as dry as possible.

Tastes differ widely and inexplicably with geography. In Venezuela, Scandinavia and Finland, they like it comparatively sweet. The Germans like it somewhat drier. South Africans drier still. The French themselves are taking their drier and drier.

DALLAS—(NEA)—One of these days, Maggie, a double yellow-headed parrot from Mexico, is going to squawk at J. O. (Toots) Womack: "Awk, get that nose up, big boy—watch that skid, Toots." And Maggie is going to get grounded, for if there's one thing veteran pilot Womack can't stand, it's for

Your Beauty Just Reflects Your Attitude

By Alicia Hart

A young lady who has occasion to hear many women talk about themselves remarks that most happy, successful women have one thing in common when they talk about their hard road up.

"Most of these women start off by saying they had very unhappy childhoods. They say that they were very ugly when they were young.

"Of course, I don't want to say anything, but they're still no one's Grace Kelly."

The point that this young lady has missed is that while the physical features of her friends have changed little, their inner aspects have changed considerably.

Perhaps the nose is still too big, or the ears still stick out, but the women have gained confidence and the ability to dress and make up well. They feel beautiful. This young woman aside, most persons who meet the women concerned would feel they were in the presence of attractive women, if not ravishing beauties.

This is the old law of compensation operating. As the very fresh bloom of youth disappears, teenagers may be assured that they will learn to make the most of their good qualities and feel more confident about their appearance.

A girl who goes through agonies with unmanageable hair in adolescence will find that she receives many compliments on her hair as she grows older. Gals who can't diet during the teens find the ability to do so as they grow older.

And they will say, with perfect confidence, "I was considered funny-looking when I was young." Almost everyone will agree that nothing could have been sillier.

Maggie has the run of the ready room, and there's not a cage in sight. Womack constructed an eight-inch rod over the cold drink machine for a perch, but Maggie spends more time climbing around on the furniture, or riding on the Womacks' shoulders, than on the perch.

From across the Southwest friends are constantly flying in to pay their respects. To their greetings, Maggie has a ready answer. "Good-bye," Maggie squawks.

A favorite friend is a radio operator at the Houston airport. On his days off, he sometimes hitches a ride to Dallas and spends his time visiting and playing with Maggie. Recently, Womack was on a trip to Galveston and when he passed near Houston, on an impulse, he pushed his radio button and Maggie gave out with a shrill wolf whistle. Instantly, came the answer.

"Hi, there, Maggie; watcha doing down this way?" Maggie has had several close brushes. Shortly after he came to live with the Womacks, Maggie flew out the car window and almost was decapitated on an unseen guy wire. Another time Mag-

"We are not sure why Maggie gets so happy," Paula says, "but we think it's because of the vibration. Anytime Maggie is around anything that vibrates—vacuum cleaner, auto, plane—the routine starts and doesn't stop till things smooth out."

Quotation Business

NEWARK, N.J. (AP)—The man behind the calling card which says "I may look busy but I'm confused" is a freckle-faced printer named Harry F. Murphy who doesn't claim to be original.

"When we feel creative we reach for a pair of scissors," says Murphy.

A couple of years ago he started using scrap paper to print some whimsical saying to advertise his business. His customers liked them and now he tries to put out a "new" one every month. A card goes with every one of the 500 or so orders that leave the shop monthly.

As a recent interviewer left Murphy, he was handed a typical card: "Your call has climaxed an already dull day."

HORSE SHOW

SUNDAY, JULY 31

FAIRGROUNDS — VERSAILLES, MISSOURI

Highway 52—1/4 Mile West of Versailles

Starting at 1 P.M., Show Will Recess at 5 P.M.

PROGRAM

Go to France For a Visit With Parents

By Mrs. T. W. Miller
TIPTON—Al Martin, factory executive and owner of business and property interests here, is to leave New York by plane July 28 for Europe where he will remain until the middle of September as the guest of his father, Joseph Martin and Mrs. Martin at North Lille, France.

The father will reach his ninety-eighth birthday anniversary while his son is visiting him, a custom the two have enjoyed in the old country during the past years.

Mr. and Mrs. Jack W. Stephens are home from a two-week motor vacation-trip to eastern states, Niagara Falls and Washington, D.C., where among the many places they visited.

Mr. Stephens had a vacation of 17 days. He is with the Carnation Milk Co., his territory including 17 counties in Central Missouri.

Tuesday he and Mrs. Stephens and her sister, Miss Carollee Wray and aunt, Mrs. J. C. Hardy, attended a company sales meeting in Kansas City at the Hotel Muehlbach.

Recent visitors in the home of Mrs. Oscar Faherty were Mr. and Mrs. E. J. Faherty, Eugene, Mo., S. F. Vanderhoof and children, Stanley, Marcia and Paul, Callao, J. O. Faherty, Littlefield, Tex., and Capt. and Mrs. Don D. Williams and daughter, Vicki, who have been visiting here since returning from a stay of two years and ten months in England. They are now in Amarillo, Tex., visiting Capt. Williams' parents, brother and a sister before going to Oklahoma City, Okla., where he will be stationed at Tinker Field.

Scoutmaster Aquin Kline announces that Tipton Troop No. 95 will have two Boy Scouts in the Soap Box Derby to be held at Jefferson City Sunday, July 24.

They are Leroy Pedego, son of Mr. and Mrs. Clifford Pedego, who is being sponsored by the Tipton Lions Club, and Robert Huhmann, son of Mr. and Mrs. George Huhmann, under the sponsorship of the Tipton Farmers Bank.

Race time is 4 p.m.
Jim Prestage, an owner of the L. P. & H. Construction Co., has as guest a nephew, Roger Zantello, Gobles, Mich.

Mrs. Prestage and daughters, Marilyn Ann, 13, Susan Rey, 7, Barbara Jo, 6, and Jamie Carol, 2, are visiting with homefolks and friends in Michigan until Aug. 15.

Until the Fourth of July they had been in Lower Michigan visiting Mr. Prestage's parents, Mr. and Mrs. J. G. Prestage, Sr., at Allegan and they are at present with Mrs. Prestage's parents, Mr. and Mrs. Ray La Bumbard in Upper Michigan at Rapid City.

Mr. and Mrs. C. W. Thomas returned home Thursday from a 6,277-mile motor vacation-trip that took them as far as the Pacific Northwest. They visited, each way, many places of interest, spending 19 days.

They were accompanied on the way out by Mrs. Finley's sister-in-law, Mrs. Ben Finley, Jefferson City, who remained at Pocatello, Idaho, to visit her sister-in-law, Mr. and Mrs. Ben Smith and children, Brian and Timmy.

Also accompanying them was Mr. Thomas' father, J. L. Thomas who came home several days ahead flying in from Los Angeles, Calif.

Drought Broken
PORTALES, N.M. — Ab French, head of Roosevelt County's drought committee, had about all the water he could use. A hail and rain storm broke off all his fencepost rain gauges and he had to use buckets to measure the water. He said he "swear to between five or six inches of rain, and I think we had more."

"Farm Safety is in your hands"

DWIGHT D. EISENHOWER
President of the United States

"A death toll of 14,000 farm residents each year is a tragic loss to the nation.

"The twelfth observance of National Farm Safety Week (July 24-30) will be successful if each farm resident realizes the fact that his safety is in his own hands.

"Most important is for the farmer, himself, to make a safety inventory of his home, his equipment, his actions, and his attitudes.

"My greetings go to every farmer in the United States, to whom I would say: Your safety is

in your hands. Please be careful for the sake of your nation and your loved ones."

"Farm Safety is in your hands"

DWIGHT D. EISENHOWER
President of the United States

"A death toll of 14,000 farm residents each year is a tragic loss to the nation.

"The twelfth observance of National Farm Safety Week (July 24-30) will be successful if each farm resident realizes the fact that his safety is in his own hands.

"Most important is for the farmer, himself, to make a safety inventory of his home, his equipment, his actions, and his attitudes.

"My greetings go to every farmer in the United States, to whom I would say: Your safety is

in your hands. Please be careful for the sake of your nation and your loved ones."

**Announce Plans For
Obtaining Pledges**

ST. LOUIS (AP)—Sixty St. Louis and St. Louis County protestant churches have announced plans to take part in a united church canvass Nov. 13 to solicit pledges to meet their budgets for next year.

Other churches are expected to join the project later, the Rev. Dr. Paul S. McElroy, chairman of the project, announced Friday.

Previously the churches held their own canvasses on various dates.

Workers from each church will canvass only their own members with the money to go toward their own church budget, but the plan's sponsors believe that each church will benefit by the united planning and publicity which will precede the one-day canvass.

Total budgets for the participating churches was estimated at more than 2 million dollars.

The...

SEDALIA URBAN PLAN

Keep This Page For
Handy Reference

FACTS ABOUT THE SEDALIA URBAN AREA PLAN

Where Did The Plan Originate?

The Sedalia Urban Area Plan for highway development within our city limits was prepared by the Missouri State Highway Commission, Division of Surveys and Plans in cooperation with the Federal Department of Commerce, Bureau of Public Roads, and the City of Sedalia.

What Is The Purpose of The Urban Plan?

The basic purpose is to develop a system of Urban Highways in the City of Sedalia which will serve to expedite external travel into and through the city and accelerate the movement of internal traffic, and to relieve major internal traffic congestion.

What Is The Policy?

In general, the State will match Federal funds for the construction of this urban project, provided the City of Sedalia will pay for all right of way costs which are not paid by the Federal Government. The Commission will assume the responsibility of making surveys, preparing plans, acquiring right of way, and supervising construction of projects as agreed to by the City of Sedalia. The Commission will designate, locate, and construct, or reconstruct, portions of the routes selected as urban routes—as, and when, money, materials, and labor become available and conditions are favorable.

Here Is The Plan:

As outlined in Sedalia Urban Area Report prepared by the Missouri State Highway Commission, The Urban Plan provides a system of urban highways through our city that will greatly facilitate the movement of both external and internal traffic to and from the central business district.

The Plan includes the following routes: present Route 50 from the west city limits to Emmet Avenue and a relocation of Route 50 from Emmet Avenue east along Broadway to Marshall and thence southeast to the present underpass under the Missouri Pacific tracks; present Route 65 from the south city limits to Broadway and a relocation north along Limit Avenue to Main Street and thence curving northeast to intersect present Route 65 approximately 3200 feet north of the north city limits; Ohio Avenue from Broadway (Route 50) north to Clay Street and curving northwest and intersecting present Route 65 near the north city limits; Main Street from Ohio Avenue to the intersection with the new location of Route 65.

Under this plan, traffic from Route 65 south whose destination is the central business district, can utilize Third Street or Main Street and will not have to mingle with Route 50 traffic. Traffic from Route 65 north can use Ohio Avenue and have a direct route to the business district.

Traffic on Route 50 from the east or west, bound for the business district can utilize any of the present north and south streets to their destination. A complete report of these improvements, including detailed information and maps, showing the exact width proposals for all streets involved in this Urban Plan is contained in the Sedalia Urban Area Report which is available at the Sedalia City Hall, or the Sedalia Chamber of Commerce.

What Will It Cost Sedalia?

Sedalia's cost for the complete Urban Plan will be \$250,000, or less. This money will be used to pay Sedalia's portion of right-of-way costs and for replanting Broadway. Only the actual amount of money needed will be spent, and our total expenditure could be something less than \$250,000—the amount of the bond issue to be presented to Sedalia voters on Tuesday, August 2nd.

How Much Will It Increase Our Tax Rate?

The city government administration assures us that this bond issue can be passed and our cost of the Urban Plan can be financed WITHOUT AN INCREASE IN TAXES.

How Much Will Be Spent on The Plan?

The State Highway Department and the Federal Government will spend approximately \$2,500,000.00 on this big project. Our maximum cost is \$250,000—that's ten dollars coming back for every dollar we spend—and at NO INCREASE IN TAXES TO US!

How Can We Get The Urban Plan Underway?

By everyone going to the polls on Tuesday, August 2nd, and voting "YES" for the bond issue. A favorable vote will require a two-thirds majority... that's two "YES" votes for every "NO" vote. This is your opportunity to KEEP SEDALIA MOVING FORWARD by casting your "Yes" vote Tuesday, August 2nd, and you can serve our community's best interests by urging your friends, neighbors and family to support this important Sedalia improvement.

At No Increase In Taxes...
